The Basic Concepts of Legal Thought

Fletcher, George P.

Basic Concepts Of Legal Thought

Johannes Mattern

Basic Concepts Of Legal Thought:

　　Basic Concepts of Legal Thought George P. Fletcher,1996 In this one of a kind text George P Fletcher a renowned legal theorist offers a provocative yet accessible overview of the basics of legal thought The first section of the book is designed to introduce the reader to fundamental concepts such as the rule of law and deciding cases under the law It continues with an analysis of the values of justice desert consent and equality as they figure into our judgment of legal cultures in terms of soundness and legitimacy The final chapters address the problems of morality and consistency in the law In each case the author not only introduces the basic ideas but considers important arguments in the contemporary literature and raises original claims of his own Basic Concepts of Legal Thought fills a void in the literature as there is no other volume that both eases law students into the mysteries of legal philosophy and provides an introduction to the legal mind for non lawyers

　　The Constitution of the Legal Relation Alexander Somek,2026-01-22 This book defends the relational approach to law It begins by exploring how law is constituted in the context of either rational or reasonable conduct Having identified reasonableness as the unifying theme of natural law theories it argues that the form and authority of law originate in the practical resolution of a moral antinomy that these theories leave unaddressed The reasonableness of law lies in the structure and principles of relations in which rights are correlated with obligations and powers with liabilities Rather than descending upon us from above in the form of directives law emerges from our interactive eff orts to cope with persistent moral disagreements Ultimately the relational approach views the legal rules governing our interactions as expressions of a common will The book concludes that unsurprisingly modern constitutionalism represents a thoroughly pragmatic and most defensible conception of the authority of law **Reason and experience in contemporary legal thought** Torstein Einang Eckhoff,Torstein Eckhoff,Lawrence Meir Friedman,Jyrki Uusitalo,1986 Papers from the proceedings of the 11th World Congress held in Helsinki 1983 **Common European Legal Thinking** Hermann-Josef Blanke,Pedro Cruz Villalón,Tonio Klein,Jacques Ziller,2015-09-24 Common European Legal Thinking emanates from the existence of a shared European legal culture as especially reflected in the existence of a common European constitutional law It denotes a body of individual constitutional principles written and unwritten that represent the common heritage of the constitutions of the Member States Taking into account the two major European organisations the Council of Europe and especially the European Union the essays of this Festschrift discuss a range of constitutional principles including the rule of law democracy and the exercise of political power in a multilevel system which recognises fundamental rights as directly applicable and supreme law Other essays examine the value of pluralism the commitment of private organisations to uphold public values principles or rules and the objectives and methods of a transnational science of administrative law These articles highlight the fact that the Ius Publicum Europaeum Commune is politically in the making which can often be seen in the shape of general legal principles The publication recognises the role of Albrecht Weber as a forerunner of Common European Legal Thinking *The Oxford*

Handbook of Legal History Markus D. Dubber,Christopher Tomlins,2018-07-26 Some of the most exciting and innovative legal scholarship has been driven by historical curiosity Legal history today comes in a fascinating array of shapes and sizes from microhistory to global intellectual history Legal history has expanded beyond traditional parochial boundaries to become increasingly international and comparative in scope and orientation Drawing on scholarship from around the world and representing a variety of methodological approaches areas of expertise and research agendas this timely compendium takes stock of legal history and methodology and reflects on the various modes of the historical analysis of law past present and future Part I explores the relationship between legal history and other disciplinary perspectives including economic philosophical comparative literary and rhetorical analysis of law Part II considers various approaches to legal history including legal history as doctrinal intellectual or social history Part III focuses on the interrelation between legal history and jurisprudence by investigating the role and conception of historical inquiry in various models schools and movements of legal thought Part IV traces the place and pursuit of historical analysis in various legal systems and traditions across time cultures and space Finally Part V narrows the Handbooks focus to explore several examples of legal history in action including its use in various legal doctrinal contexts   *AI Approaches to the Complexity of Legal Systems* Pompeu Casanovas,Ugo Pagallo,Giovanni Sartor,Gianmaria Ajani,2010-10-19 Annotation This volume assembles 15 refereed and revised papers selected from two workshops organized at the XXIV World Congress of Philosophy of Law and Social Philosophy and at JURIX 09 The papers are organized in sections on language and complex systems in law ontologies and the representation of legal knowledge argumentation and logics   Contemporary Bourgeois Legal Thought Vladimir Aleksandrovich Tumanov,1974

Chinese Legal Translation and Language Planning in the New Era Xiaobo Dong,Yafang Zhang,2023-01-12 By making a comprehensive and interdisciplinary analysis on the translation history of both the ancient Chinese legal classics and the modern laws and regulations this book presents a full picture of development of Chinese legal translation Legal translation in China has undergone twists and turns in the past and always lacked a systematic and comprehensive theoretical framework Therefore guided by the language planning theory this book intends to build a theoretical framework for study and practices of legal translation in the New Era and provide a feasible path for general readers students of relevant majors and professionals interested in Chinese legal culture to get a refreshed understanding legal translation and legal culture promotion   **Gender-Competent Legal Education** Dragica Vujadinović,Mareike Fröhlich,Thomas Giegerich,2023-02-03 Male dominated law and legal knowledge essentially characterized the whole of pre modern history in that the patriarchy represented the axis of social relations in both the private and public spheres Indeed modern and even contemporary law still have embedded elements of patriarchal heritage even in the secular modern legal systems of Western developed countries either within the content of legislation or in terms of its implementation and interpretation This is true to a greater or lesser extent across legal systems although the secular modern legal systems of the Western developed

countries have made great advances in terms of gender equality The traditional understanding of law has always been self evidently dominated by men but modern law and its understanding have also been more or less malestreamed Therefore it has become necessary to overcome the given maskulinity of legal thought In contemporary legal and political orders gender mainstreaming of law has been of the utmost importance for overcoming deeply and persistently embedded power relations and gender based unequal social relations At the same time and equally importantly the gender mainstreaming of legal education to which this book aims to contribute can help to gradually eliminate this male dominance and accompanying power relations from legal education and higher education as a whole This open access textbook provides an overview of gender issues in all areas of law including sociological historical and methodological issues Written for students and teachers around the globe it is intended to provide both a general overview and in depth knowledge in the individual areas of law Relevant court decisions and case studies are supplied throughout the book **Critical Legal Thought** Christian Joerges,David M. Trubek,1989 *Lectures on the Paradigms of Legal Thinking* Csaba Varga,1999 Legal philosopher Varga introduces readers to reasoning in law by leading them through the possibilities boundaries and traps of assuming personal responsibility and impersonal pattern adoption that have arisen in the history of human thought and in the various legal cultures He seeks to reveal the actual processed hidden by the veil of patterns that are followed in thinking processed that people encounter both in conceptual logical quests for certainties and in the undertaking of fertilizing ambiguity The original Hungarian Eloadasok a jogi gondolkad e paradigmairol was published by Osiris Budapest in 1999 Distributed in the US by ISBS Annotation copyrighted by Book News Inc Portland OR **Fundamental Legal Conceptions as Applied in Judicial Reasoning, and Other Legal Essays** Wesley Newcomb Hohfeld,1920 *Fundamental Legal Conceptions as Applied in Judicial Reasoningm and Other Legal Essays* Wesley Newcomb Hohfeld,1920 *Fundamental Legal Concepts of China and the West* Hyung I. Kim,1981 This work focuses on the concepts of natural law equity or justice and right and responsibility in traditional Chinese law Bulletin New York University,1901 Concepts of State, Sovereignty and International Law Johannes Mattern,1928 **The Railroad Telegrapher** ,1916 *Railroad Telegrapher* ,1916 **Bulletin of the Carnegie Foundation for the Advancement of Teaching** ,1914 **Bulletin** Carnegie Foundation for the Advancement of Teaching,1912
