The Oxford Handbook of Law and Economics Francesco Parisi, 2017-04-27 Covering over one hundred topics on issues ranging from Law and Neuroeconomics to European Union Law and Economics to Feminist Theory and Law and Economics The Oxford Handbook of Law and Economics is the definitive work in the field of law and economics The book gathers together scholars and experts in law and economics to create the most inclusive and current work on law and economics Edited by Francisco

Parisi the Handbook looks at the origins of the field of law and economics tracks its progression and increased importance to both law and economics and looks to the future of the field and its continued development by examining a cornucopia of fields touched by work in law and economics The uniqueness of its breadth depth and convenience make the volume essential to scholars students and contributors in the field of law and economics **University of Chicago Law Review: Volume 78, Number 4 - Fall 2011** University of Chicago Law Review,2012-04-11 A leading law review now offers a quality eBook edition The fourth and final issue of 2011 Volume 78 features articles and essays from internationally recognized legal scholars and governmental leaders including Cass Sunstein on empirically informed regulation Jonathan Bressler on jury nullification and Reconstruction Daniel Schwarcz on standardized insurance policies and Bertral Ross II writing against constitutional mainstreaming in statutory interpretation In addition the issue includes a review essay on the book *The Master Switch* as well as student Comments on such subjects as same sex divorce religious practices by prisoners falsely claiming Medal of Honor status and enhancement in federal sentencing The issue is presented in modern eBook formatting and features active Tables of Contents linked footnotes and URLs and legible graphs and tables *Research Handbook on International Insurance Law and Regulation* Julian Burling, Kevin Lazarus,2023-12-11 This thoroughly revised second edition of the Research Handbook on International Insurance Law and Regulation provides an updated assessment of the insurance industry in an international context featuring 30 chapters of which half are new for this edition written by expert academics and practising lawyers *The Palgrave Companion to MIT Economics* Robert A. Cord,2025-07-10 The Massachusetts Institute of Technology has been and continues to be one of the most important global centres for economics With four chapters on themes in MIT economics and 38 chapters on the lives and work of MIT economists this book shows how economics became established at the Institute how it produced some of the world s best known economists including Paul Samuelson Franco Modigliani and Robert Solow and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast the volumes provide economists especially those interested in macroeconomics and the history of economic thought with an in depth analysis of MIT economics *Economic Efficiency* Ben Van Rompuy,2012-08-01 Over the past decade we have witnessed an apparent convergence of views among competition agency officials in the European Union and the United States on the appropriate goals of competition law enforcement Antitrust policy it is now suggested should focus on enhancing economic efficiency which we are to believe will promote consumer welfare Recent EU Commission Guidelines on the application of Article 101 TFEU appear to banish considerations that cannot be construed as having an economic efficiency value such as the environment cultural policy employment public health and consumer protection from the application of Article 101 TFEU Arguing that the professed adoption of an exclusive efficiency approach to Article 101 TFEU does not preclude but rather obfuscates the role of non efficiency considerations the author of this timely contribution accomplishes the following objectives traces the genesis of the shift to an efficiency

orientation in EU and US antitrust policy and dispels several ingrained misconceptions that underpin it demonstrates the close interrelationship between evolving images of the purpose of antitrust the development of related enforcement norms and enforcement output provides in depth analyses of a number of analytically rich cases in the audiovisual sector and particularly those related to sports rights and explores what the role of non efficiency considerations in the application of Article 101 TFEU could and should be under the modernized enforcement regime **World Development Report 2015** World Bank,2014-12-04 Entrepreneurship is a fundamental driver of growth development and job creation While Latin America and the Caribbean has a wealth of entrepreneurs firms in the region compared to those in other regions are small in size and less likely to grow or innovate Productivity growth has remained lackluster for decades including during the recent commodity boom Enhancing the creation of good jobs and accelerating productivity growth in the region will require dynamic entrepreneurs This book studies the landscape of entrepreneurship in Latin America and the Caribbean Utilizing new datasets that cover issues such as firm creation firm dynamics export decisions and the behavior of multinational corporations the book synthesizes the results of a comprehensive analysis of the status prospects and challenges of entrepreneurship in the region Useful tools and information are provided to help policy makers and practitioners identify policy areas governments can explore to enhance innovation and encourage high growth transformational entrepreneurship *Global Agenda in Social Sciences* İsmail Şiriner,Murat Aydın,2021-12-22 **Post-Truth** Evan Davis,2017-05-11 A Malcolm Gladwell style social psychology behavioural economics primer Evening Standard Low level dishonesty is rife everywhere in the form of exaggeration selective use of facts economy with the truth careful drafting from Trump and the Brexit debate to companies that tell us your call is important to us How did we get to a place where bullshit is not just rife but apparently so effective that it s become the communications strategy of our times This brilliantly insightful book steps inside the panoply of deception employed in all walks of life and assesses how it has come to this It sets out the surprising logic which explains why bullshit is both pervasive and persistent Why are company annual reports often nonsense Why should you not trust estate agents And above all why has political campaigning become the art of stretching the truth Drawing on behavioural science economics psychology and of course his knowledge of the media Evan ends by providing readers with a tool kit to handle the kinds of deceptions we encounter every day and charts a route through the muddy waters of the post truth age *Advances in Behavioral Economics* Colin F. Camerer,George Loewenstein,Matthew Rabin,2011-12-12 Twenty years ago behavioral economics did not exist as a field Most economists were deeply skeptical even antagonistic toward the idea of importing insights from psychology into their field Today behavioral economics has become virtually mainstream It is well represented in prominent journals and top economics departments and behavioral economists including several contributors to this volume have garnered some of the most prestigious awards in the profession This book assembles the most important papers on behavioral economics published since around 1990 Among the 25 articles are many

that update and extend earlier foundational contributions as well as cutting edge papers that break new theoretical and empirical ground Advances in Behavioral Economics will serve as the definitive one volume resource for those who want to familiarize themselves with the new field or keep up to date with the latest developments It will not only be a core text for students but will be consulted widely by professional economists as well as psychologists and social scientists with an interest in how behavioral insights are being applied in economics The articles which follow Colin Camerer and George Loewenstein s introduction are by the editors George A Akerlof Linda Babcock Shlomo Benartzi Vincent P Crawford Peter Diamond Ernst Fehr Robert H Frank Shane Frederick Simon Gchter David Genesove Itzhak Gilboa Uri Gneezy Robert M Hutchens Daniel Kahneman Jack L Knetsch David Laibson Christopher Mayer Terrance Odean Ted O Donoghue Aldo Rustichini David Schmeidler Klaus M Schmidt Eldar Shafir Hersh M Shefrin Chris Starmer Richard H Thaler Amos Tversky and Janet L Yellen
