Beyond Winning Negotiating Create Disputes:

Beyond Winning Robert H. Mnookin, Scott R. Peppet, Andrew S. Tulumello, 2004-04-15 *Beyond Winning* charts a way out of our current crisis of confidence in the legal system. It offers a fresh look at negotiation aimed at helping lawyers turn disputes into deals and deals into better deals through practical, tough-minded problem-solving techniques. *The Conflict Resolution Grail* Meysa Maleki, 2020-06-23 *The Conflict Resolution Grail* explains what causes conflicts and offers the world an alternative solution. It goes beyond theory, techniques, policies, and interpersonal skills. This book helps you resolve your conflicts through awareness, compassion, and a negotiator's toolbox. Global conflict is one of the top challenges the world faces today. Our survival as the human race demands that we pay attention to our own role in conflict. Resolving conflict on a global scale requires change at the level of individuals. *Lawyer and Mediator* Meysa Maleki introduces the everyday person to the elements of conflict, the sub-conversations, and the skills that are required to resolve conflict effectively. However, her solution to addressing human conflict goes beyond just the latest conflict resolution theory, negotiation techniques, and the interpersonal skills of a mediator. She draws on the strengths of human beings, their capacity for compassion, and their immense potential to change their subconscious programming through awareness. This book weaves together research ranging from human genetics, evolution, communications theory, neuroscience, world history, psychology, and sociology to reframe our understanding of conflict. It provides the everyday person as well as professionals who devote their careers to working with conflict situations with an integrated approach to conflict resolution. Meysa Maleki provides a new paradigm, one that is based on awareness, compassion, and a negotiator's toolbox. *The Handbook of Dispute Resolution* Michael L. Moffitt, Robert C. Bordone, 2012-06-28 This volume is an essential, cutting-edge reference for all practitioners, students, and teachers in the field of dispute resolution. Each chapter was written specifically for this collection and has never before been published. The contributors, drawn from a wide range of academic disciplines, contain many of the most prominent names in dispute resolution today, including Frank E. A. Sander, Carrie Menkel Meadow, Bruce Patton, Lawrence Susskind, Ethan Katsh, Deborah Kolb, and Max Bazerman. *The Handbook of Dispute Resolution* contains the most current thinking about dispute resolution. It synthesizes more than thirty years of research into cogent, practitioner-focused chapters that assume no previous background in the field. At the same time, the book offers path-breaking research and theory that will interest those who have been immersed in the study or practice of dispute resolution for years. *The Handbook* also offers insights on how to understand disputants. It explores how personality factors, emotions, concerns about identity, relationship dynamics, and perceptions contribute to the escalation of disputes. The volume also explains some of the lessons available from viewing disputes through the lens of gender and cultural differences. **Dispute System Design** Lisa Blomgren Amsler, Janet Martinez, Stephanie E. Smith, 2020-06-02 *Dispute System Design* walks readers through the art of successfully designing a system for preventing, managing, and resolving conflicts and legally framed disputes. Drawing on decades of expertise as

instructors and consultants the authors show how dispute systems design can be used within all types of organizations including business firms nonprofit organizations and international and transnational bodies This book has two parts the first teaches readers the foundations of Dispute System Design DSD describing bedrock concepts and case chapters exploring DSD across a range of experiences including public and community justice conflict within and beyond organizations international and comparative systems and multi jurisdictional and complex systems This book is intended for anyone who is interested in the theory or practice of DSD who uses or wants to understand mediation arbitration court trial or other dispute resolution processes or who designs or improves existing processes and systems

Beyond the Courtroom Hal Abramson, 2020-11-03 Beyond the Courtroom provides a compilation of articles and chapters by a dispute resolution scholar who has made remarkable contributions over his thirty year career Professor Abramson has focused his research and practice on parties trying to resolve their own disputes This book includes publications that have contributed to launching the then new field of mediation representation with special attention on how attorneys as gate keepers to mediation can effectively represent clients The book also includes his original publications that have contributed to the emerging field of intercultural and international mediation and the already robust and mature field of negotiations

The First Move Alain Lempereur, Aurelien Colson, 2010-03-29 Time management is essential for successful negotiations This book helps you do first things first Jeanne Brett DeWitt W Buchanan Jr Professor of Dispute Resolution and Organizations Kellogg School of Management and Director of the Dispute Resolution Research Center This book brings a breakthrough method to lead efficient negotiations Yann Duzert Professor Foundation Getulio Vargas Brazil Even if you only implement 5% of this method your clients will find you more attentive to their needs John Wong Senior Partner The Boston Consulting Group Hong Kong Office A one of a kind and most welcome companion for negotiators It offers a learner friendly distillation of tested ideas and good practices Pierre Debaty Head of the Brussels Training Office European Parliament Drawing on their extensive experience in over 50 countries the authors provide the best of Anglo Saxon and continental Europe negotiation approaches AJR Groom University of Kent at Canterbury Whether you negotiate abroad or in your home country this book is a must Tetsushi Okumura Professor Nagoya City University Graduate School of Economics Many former enemies started thinking and acting differently after having integrated the principles of this book Howard Wolpe Special Advisor to the Africa Great Lakes region former Member of US Congress This negotiation method makes a difference for business and government leaders who want to act more responsibly Theo Panayotou Professor Cyprus International Institute for Management Harvard Kennedy School of Government
