

The Intuitionistic Fuzzy FlowSort Method for Multicriteria Group Decision Making

Remadi Daami Fedia, University of Sfax, Tunisia*

Frikha Moalla Hela, University of Sfax, Tunisia

ABSTRACT

The real-life problems are multidimensional in nature and may involve some ambiguity when it comes to decision making. It is, therefore, difficult to design the evaluation criteria precisely and determine the exact value of the attributes in the multicriteria analysis. The intuitionistic fuzzy set (IFS) achieved great success in treating this kind of ambiguity in a great deal of research. The study of sorting problems is an active research issue in the multiple criteria decision aid (MCDA) area. This paper investigated one of the sorting methods, FLOWSORT, and extended it to the multicriteria group decision making based on the output aggregation of the individual sorting results. The rating of each alternative was described through linguistic terms that can be expressed in triangular intuitionistic fuzzy numbers. An illustrative example as well as an empirical comparison with other multi-criteria decision-making methods were carried out to validate the extension.

KEYWORDS

FlowSort Method, Intuitionistic Fuzzy Set, Multicriteria Group Decision Making, Sorting Problematic

1. INTRODUCTION

Multi-criteria decision making (MCDM) is considered as an essential part of modern decision science and operational research. It is the process of finding the best compromise among the feasible alternatives. It provides a wide variety of methodologies and techniques that enable the systematic treatment of decision problems under multiple criteria. The MCDA methods can be applied to four different kinds of analyses that can be performed in order to provide significant support to decision-makers (Remadi and Frikha, 2019). These are: (1) the choice of the best alternative, (2) the ranking of the set of the alternatives from the best to the worst, (3) the description of the features of the alternatives and (4) the classification of the alternatives into predefined homogenous groups.

In this paper, we studied the ordinal classification problem, also called sorting problem. It consists to orienting the decision problem to an assignment of alternatives to one of the predefined, ordered and homogenous categories or classes. The class is a set of alternatives with similar properties or even values for the same properties, when compared to the alternatives of the other classes. Multiple methods have been proposed during the previous decades. Among these, we can mention the well-known sorting methods, the ELECTRE-TRI (Shen et al. 2016), the THESEUS (Fernandez and Avarro, 2011), etc. Relying on the PROMETHEE (Brans et al. 1984) methodology, several authors proposed

Mathematics in practice and theory ,2006 Multi Criteria Decision Making Via Intuitionistic Fuzzy Set

Pranjal Talukdar,2023-01-04 The characteristic function of a crisp set assigns a value either 1 or 0 to each object in a set and thereby distinguishesthe members and non members of crisp set under consideration The function can be generalized such that the values assigned to the elements of a set fall within a specific range from 0 to 1 and indicate the membership grade of these elements in the set in question Larger values denote higher degree of set membership Such function is called a membership function and the set defined by it is known as fuzzy set In short it can be opinedthat the crisp set and logic divide the world of yes or no true or false but nothing in between On the other hand fuzzy sets and logic deal with objects that are of degree with all possible grades between yes or no Thus fuzzy set represents the vague or ill defined not well defined concept like good very good poor intelligent large and medium large etc and hence it can be extensively applied in a wide range of area Zadeh developed this novel concept of fuzzy sets that created a new branch of Mathematics which is used tocharacterize the uncertainty A lot of significant developments have been made by the researchers in the last five decades and applied it in a large variety of fields It is observed that in fuzzy set theory FST the non membership function is the complement of the membership function But in many situations complement of membership function may not reflect the exact non membership grades of an element to a set Later Atanassov defined both the membership function and nonmembership function which also characterized some hesitation degree between them This newly defined set is called Intuitionistic fuzzy set IFS As IFS can represents the incomplete ill defined information in a more specific manner than FST therefore IFS become more popular among the researchers in uncertainty modeling problems Furthermore Atanassov and Gargov introduced the notion of Interval valued intuitionistic fuzzy sets IVIFSs extending the concept IFS in which the membership and non membership grades are represented by intervals Starting from our many daily life situations up to very complex system making decision is undoubtedly one of the most necessary activities of human being It is a logical judgment process to identifying and choosing the right alternatives based on the preferences and values of the decision maker with respect to its criteria In mathematical point of view there should be some methodology and algorithm through which one can make a logical and proper decision Recently decision making processes have become popular in industries in different managerial level of the concerned department of many organizations because of their global competitiveness making good planning and to survive successfully in respective marketplace Therefore decision making plays a vital role especially in purchase department for reducing material costs minimizing production time as well as improving the quality of product or

service **Simplified neutrosophic sets and their applications in multi-criteria group decision-making problems**

Juan-juan Peng, Jian-qiang Wang, Jing Wang, Hong-yu Zhang, Xiao-hong Chen, As a variation of fuzzy sets and intuitionistic fuzzy sets neutrosophic sets have been developed to represent uncertain imprecise incomplete and inconsistent information that exists in the real world Simplified neutrosophic sets SNSs have been proposed for the main purpose of addressing issues with a set of specific numbers However there are certain problems regarding the existing operations of SNSs as well as their aggregation operators and the comparison methods Therefore this paper defines the novel operations of simplified neutrosophic numbers SNNs and develops a comparison method based on the related research of intuitionistic fuzzy numbers On the basis of these operations and the comparison method some SNN aggregation operators are proposed Additionally an approach for multi criteria group decision making MCGDM problems is explored by applying these aggregation operators Finally an example to illustrate the applicability of the proposed method is provided and a comparison with some other methods is made

Fuzzy Multi-criteria Decision-Making Using Neutrosophic Sets Cengiz Kahraman, İrem Otay, 2018-11-03 This book offers a comprehensive guide to the use of neutrosophic sets in multiple criteria decision making problems It shows how neutrosophic sets which have been developed as an extension of fuzzy and paraconsistent logic can help in dealing with certain types of uncertainty that classical methods could not cope with The chapters written by well known researchers report on cutting edge methodologies they have been developing and testing on a variety of engineering problems The book is unique in its kind as it reports for the first time and in a comprehensive manner on the joint use of neutrosophic sets together with existing decision making methods to solve multi criteria decision making problems as well as other engineering problems that are complex hard to model and or include incomplete and vague data By providing new ideas suggestions and directions for the solution of complex problems in engineering and decision making it represents an excellent guide for researchers lecturers and postgraduate students pursuing research on neutrosophic decision making and more in general in the area of industrial and management engineering

Decoding **Intuitionistic Fuzzy Multicriteria Group Decision Making**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Intuitionistic Fuzzy Multicriteria Group Decision Making**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Intuitionistic Fuzzy Multicriteria Group Decision Making Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Intuitionistic Fuzzy Multicriteria Group Decision Making free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Intuitionistic Fuzzy Multicriteria Group Decision Making free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to

download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Intuitionistic Fuzzy Multicriteria Group Decision Making free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Intuitionistic Fuzzy Multicriteria Group Decision Making. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Intuitionistic Fuzzy Multicriteria Group Decision Making any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Intuitionistic Fuzzy Multicriteria Group Decision Making Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader's engagement and providing a more immersive learning experience. Intuitionistic Fuzzy Multicriteria Group Decision Making is one of the best books in our library for free trial. We provide a copy of Intuitionistic Fuzzy Multicriteria Group Decision Making in digital format, so the resources that you find are reliable. There are also many eBooks related to Intuitionistic Fuzzy Multicriteria Group Decision Making. Where to download Intuitionistic Fuzzy Multicriteria Group Decision Making online for free? Are you looking for Intuitionistic Fuzzy Multicriteria Group Decision Making PDF? This is definitely going to save you time and cash in something you should think about.
