

JAVA Interview Questions and Answers:

Can a constructor be made final?

No, this is not possible.

static members belong to a class, but the constructor is needed to create an object. An abstract class is a partially implemented class, which contains abstract methods to be implemented in child class. final restricts modification: variables become constant, methods can't be overridden, and classes can't be inherited.

No, constructors are similar to methods, but cannot be invoked directly by a method call. They are used to initialize new class instances. Like methods, they may be overloaded

What is the APK format?

The Android packaging key is compressed with classes,UI's, supportive assets and manifest.All files are compressed to a single file is called APK.

APK stands for android Application Package File(APK). it is zip file formatted packages based on the android application code.

Android application package (APK) is the package file format used by the Android operating system for distribution and installation of mobile apps and middleware.
