**Easy WP Guide WordPress Manual** Anthony Hortin,2015-10-23 It might be easier to say what this guide isn t rather than what it is It isn t an in depth look at every single function available within the WordPress dashboard Nor is it a guide to help you develop or modify WordPress themes It s an easy to follow WordPress manual that will help you to get an overall understanding of how you use the various features

within the WordPress Dashboard to keep your website or blog updated The official WordPress Codex is great if you want to get really involved in developing your own WordPress theme or modifying your site with plugins but it can be a bit daunting for those users who just want a simple guide to using the Content Management side of WordPress or just need to update their site pages every so often The Easy WP Guide will teach you how to add content to your website and keep it updated simply and easily This version has been completely updated for use with WordPress 4.3

[ITSM Process Assessment Supporting ITIL \(TIPA\)](#) Béatrix Barafort, Stéphane Cortina, Valérie Betry, 1970-01-01 The key to any successful IT Service Management solution are strong clear processes that are fit for purpose The continual cycle of service improvements must therefore look at the existing processes and assess how effective they are within changing business requirements This innovative title not only looks at this fundamental process assessment it does it using the key ISO IEC standard in this area In brief this title explains the meeting between two standards ITIL the de facto standard in IT Service Management ISO IEC 15504 Information technology Process assessment Readers can therefore be confident of a strong well thought out and solid approach which will help identify The concepts of process assessment and process maturity How to plan and perform a process assessment How to use the approach How to launch an improvement process starting with an assessment project Because it focuses on 10 key processes the TIPA framework can be applied with equal success to ITILv2 ITIL v3 or to the ISO IEC 20000 This manual will also convey valuable information for understanding the roles and differences between process assessment traditional conformity assessment audit and self assessment suite Finally it is illustrated with real life case studies which highlight what should be done and what should be avoided The reader will thus learn process assessment based on genuine experiences
