Disaster Resilience An Integrated Approach:

Disaster Resilience Douglas Paton, David Johnston, 2017-06-12 Events such as the 2004 Indian Ocean Tsunami Hurricane Katrina in 2005 and the Japanese earthquakes and tsunamis in 2011 have provided unfortunate reminders of the susceptibility of many communities to devastating losses from natural hazards These events provided graphic illustrations of how extreme hazard events adversely impact on people affect communities and disrupt the community and societal mechanisms that serve to organize and sustain community capacities and functions However there is much that communities can do to mitigate their risk and manage disaster consequences The construct that epitomizes how this is done is resilience The contents of this volume provide valuable insights into how societal resilience can be developed and sustained This considerably expanded new edition presents major topics of Coexisting with Natural Hazards Urban Resilience in Asia Lifelines and Urban Resilience Business Continuity in Disaster Hazard Mitigation in Communities Hazard Readiness and Resilience Child Citizenship in Disaster Risk Old Age and Resilience Gender and Disaster Resilience Impact of High Functionality on Resilience Art and Resilience Cross Cultural Perspectives and Coping with Hazards Religious Practices and Resilience Living in Harmony with our Environment Critical Incidence Response Governance Heat Wave Resilience Wildfire Disaster Resilience and Progress and Challenges to Disaster Risk Reduction and Resilience This exceptional book brings together contributions from international experts in core areas and includes chapters that provide and overarching framework within which the need for interrelationships between levels to be developed is discussed The book will be an outstanding resource for those researching or teaching courses in emergency management disaster management community development environmental planning and urban development In addition it will serve law enforcement and emergency agencies welfare agencies and professionals in applied psychology

Local Disaster Resilience Ashley D. Ross, 2013-11-12 Since 2000 the Gulf Coast states Texas Louisiana Mississippi Alabama and Florida have experienced a series of hurricanes multiple floods and severe storms and one oil spill These disasters have not only been numerous but also devastating Response to and recovery from these unprecedented disasters has been fraught with missteps in management In efforts to avoid similar failures in the future government agencies and policy practitioners have looked to recast emergency management and community resilience has emerged as a way for to better prevent manage and recover from these disasters How is disaster resilience perceived by local government officials and translated into their disaster response and recovery efforts Ashley D Ross systematically explores and measures disaster resilience across the Gulf Coast to gain a better understanding of how resilience in concept is translated into disaster management practices particularly on the local government level In doing so she presents disaster resilience theory to the Gulf Coast using existing data to create county level baseline indicators of Gulf Coast disaster resilience and an original survey of county emergency managers and elected municipal officials in 60 counties and 120 municipalities across the Gulf States The findings of the original survey measure

the disaster resilience perceptions held by local government officials which are examined to identify commonalities and differences across the set of cases Additional analyses compare these perceptions to objective baseline indicators of disaster resilience to assess how perceptions align with resilience realities Local Disaster Resilience not only fills a critical gap in the literature by applying existing theories and models to a region that has experienced the worst disasters the United States has faced in the past decade but it can also be used as a tool to advance our knowledge of disasters in an interdisciplinary manner
