to understand the main drivers and barriers across nine sub sector value chains With investment from global brands into many sectors it tracks how Indian creative industries are fostering innovation and design for social and ecological sustainability It also delves into India s informal economy to share key policy insights The volume will be of great interest to scholars and researchers of public policy business studies and South Asian studies It will also be a key document for foreign investors willing to invest in one of the fastest growing and stable economies in the world *In Levittown's Shadow* Tim Keogh,2023-11-03 Inverting the conventional history of American suburbanization Tim Keogh turns the spotlight from wealth and freedom to poverty and inequality Focusing on the archetypal Long Island communities of the postwar era Keogh shows that a key driver of suburban development and the segregation it embodied was not housing but employment Inequality and injustice were baked into suburban development but housing discrimination was a secondary expression of this not a primary cause As a result equity minded suburbs that focused on housing policy rather than employment opportunities were doomed to fail Keogh hopes to motivate more effective approaches to contemporary inequity by changing our understanding of how it took shape historically **Small States in the Shatter Belt** Agnieszka Bógdał-Brzezińska,Jan A. Wendt,2025-12-04 The book aims to highlight the challenges faced by small states located in zones of geopolitical instability Drawing on Saul P Cohen s theoretical concept of the shatter belt it discusses a geopolitical region characterized by significant instability owing especially to the influence of neighbouring powers The book defines the challenges related to the geopolitical position of Baltic Europe and describes them as manifestations of the shatter belt It details the historical conditions of the small Baltic states Lithuania Latvia and Estonia with reference to their geopolitical position within the Russian sphere of influence and after the collapse of the USSR This study also focuses on the exploitation of national minorities as one the main challenges to the national security of the Baltic states As a pioneering study on the role of small states as peacekeepers allies and members of international organizations this book will be a valuable resource for students and doctoral candidates in international relations geopolitics and political geography It will also be useful to experts journalists and policymakers

Mukherjee,2018-10-02 A popular myth maintains that Indo EU relations are best viewed through the British prism This disregards the historical evidence of Alexander s march to India and the Roman Empire s trade with India In more recent times cultural icons like Satyajit Ray have been celebrated more in Paris than elsewhere India s trade with EU especially in defence items is anchored to a greater extent in the continent rather than across the channel Brexit is now going to take
