China's Cultural Diplomacy Xin Liu, 2019-10-02 This book examines China's contemporary global cultural footprints through its recent development of cultural diplomacy. The volume presents an alternative analytical framework to examine China's cultural diplomacy which goes beyond the Western defined concept of soft power that prevails in the current literature. This new approach constructs a three dimensional framework on Orientalism, cultural hegemony and nationalism to decipher the multiple contexts which China inhabits historically, internationally and domestically. The book presents multiple case studies of the Confucius Institute and compares the global programme located around the world with its Western counterparts and also with other Chinese government sponsored endeavours and non government initiated programmes. The author aims to solve the puzzle of why China's efforts in cultural diplomacy are perceived differently around the world and helps to outline the distinctive features of China's cultural diplomacy. This book will be of much interest to students of diplomacy, Chinese politics, foreign policy and International Relations in general.

The Art of Placemaking Ronald Lee Fleming, 2007 In *The Art of Placemaking* Ronald Lee Fleming adopts a practical approach to tackling public art and community planning in the US as they are experienced today. Through detailed in depth case studies he discusses the development of placemaking initiatives since 1990 accompanying beautiful and approachable examples with constructive criticism of those he sees as less successful. The case studies deal with varied projects ranging from a clock with bronze bells that marks the gateway to downtown Cincinnati to the beautification of a water treatment plant in Cambridge Massachusetts and from a terrazzo floor incorporating sea creatures at Miami International Airport Florida to a firefighters memorial in Boston.
