*First Aid for Sport* Andy Cunningham, 2013-05-30 *First Aid for Sport A Kit Bag Guide* is a practical quick reference guide to dealing with first aid in sports situations. Spiral bound, durable and weather resistant, it does not presume any first aid training and includes clear illustrations, making this your first port of call in any sports emergency. *Writing the City Square* Martin Zerlang, 2013-05-03 The history of cities is also the history of city squares. The agora, the forum, the piazza, the plaza. All presuppose the idea of a center. It is a material and mental phenomenon. Literature is an important part of this history and the interplay between the square as physical space and the square as literature is the topic of this book. This is an encyclopedic book combining an overview of the history of city squares with a plethora of analytical examples of its reflection in literature. Literature uses the city square as a frame; city squares serve as frames for drama, novels and other kinds of literature. Comment on city squares: city squares are sources of inspiration for all sorts of literary activities. Socrates in the agora, Cicero in the Forum, Calderón in the Plaza Mayor, Corneille in the Place Royale, Richardson in Grosvenor Square, James in Washington Square, Woolf in Bloomsbury Square, Döblin and Gröschner in Alexanderplatz, Rodoreda in Diamond Square in Barcelona, DeLillo in Times Square, Al Aswany in Tahrir Square, the Maidanistas in the Maidan of Kyiv. These are just some of the examples presented and analyzed in this book. The book is of direct interest for researchers, students and professionals such as architects and urban planners, but it is written in a way that makes it accessible for all readers with an interest in urban culture, architecture, history, literature and cultural studies. *Mosby's Essentials for Nursing Assistants - E-Book* Leighann Remmert, Sheila A. *Bracing for the Apocalypse* Anna Maria Bounds,2020-06-04 Increasing American fear about terrorism environmental catastrophes pandemics and economic crises has fueled interest in prepping confronting disaster by mastering survivalist skills This trend of self reliance is not merely evidence of the American belief in the power of the individual rather this pragmatic shift away from expecting government aid during a disaster reflects a weakened belief in the bond between government and its citizens during a time of crisis This ethnographic study explores the rise of the urban preppers subculture in New York City shedding light on the distinctive approach of city dwellers in preparing for disaster With attention to the role of factors such as class race gender and one s expectations of government it shows that how one imagines Doomsday affects how one prepares for it Drawing on participant observation the author explores preppers views on the central question of whether to bug out or hunker down in the event of disaster and examines the ways in which the prepper economy increases revenue by targeting concerns over developing skills building networks securing equipment and arranging a safe locale A rich qualitative study *Bracing for the Apocalypse* will appeal to scholars of sociology and anthropology with interests in urban studies ethnography and subcultures
