MacDonald,2001 Students are using electronic resources more than ever before to locate information for assignments
Without the proper search terms results are incomplete and students are frustrated Using the keywords key people
organizations and web sites provided in this book compiled from the most commonly used databases students will be able to
perform successful searches for 144 of the most popular research topics on their own or in the classroom The 144 topics are
divided into nine broad subject areas Arts and Literature Business Communication and Economics Culture and Cultural
Diversity Health and Wellness History Political Science and Law Philosophy and Religion Science and Technology Social
Issues and Sociology and Sports and Recreational Interests Each topic section provides an extended list of keywords to be
used alone or in combination with other words in the section to perform Boolean searches The selected lists of key people
include activists artists entertainers politicians scientists and other well known personalities in each field Organizations and
web sites lead the student to even more resources providing a solid overview of each topic for the beginning researcher as
well as increasing general on line searching skills Scholarly Resources for Children and Childhood Studies Vibiana
Bowman,2007-02-08 Editor Vibiana Bowman has drawn together contributions from some of the leading scholars in the
interdisciplinary field of children and childhood studies CCS in this guided approach to literature searching in CCS The
contributors to this book are both faculty currently teaching in the area of CCS and academic librarians The charge given to
each contributor was to write a chapter that explained the process of scholarly research in his or her own particular area of
expertise to a student unfamiliar with that discipline Towards this end the book provides background information about
interdisciplinary study in general and children and childhood studies in particular as well as an outline of basic research
practices Each contributor serves as a mentor and suggests a search strategy discusses significant concepts and vocabulary
and lists the major resources that scholars in that area would be expected to use Not intended as an exhaustive list of in print
research resources rather the emphasis throughout this guide is on useful resources and effective research methodologies As

the field of CCS continues to evolve in the upcoming years Scholarly Resources for Children and Childhood Studies will serve as an excellent stepping stone for those just entering the area **Internet Directory for Dummies** Brad Hill,1998 With search engines like Yahoo Excite and Infoseek available on the Net users may wonder why they need an Internet Directory But a search term may yield thousands of results This well thought out book selects the best of Web sites categorizes them by topic and provides descriptions The bonus CD ROM contains links in electronic format so readers can just click on the title
