A History of Western Civilization Roland N. Stromberg,1969 India My Love Osho,2002-01-23 India is not just a geography or history It is not only a nation a country a mere piece of land It is something more it is a metaphor poetry something invisible but very tangible It is vibrating with certain energy fields that no other country can claim For almost ten thousand years thousands of people have reached to the ultimate explosion of consciousness Their vibration is still alive their impact is in the very air you just need a certain perceptivity a certain capacity to receive the invisible that surrounds this strange land It is strange because it has renounced everything for a single search the search for the truth In these pages we are treated to a spellbinding vision of what Osho calls the real India the India that has given birth to enlightened mystics and master musicians to the inspired poetry of the Upanishads and the breathtaking architecture of the Taj Mahal We travel through the landscape of India s golden past with Alexander the Great and meet the strange people he met along the way We are given a front row seat in the proceedings of the legendary court of the Moghul Emperor Akbar and an insider s view of the assemblies of Gautama the Buddha and his disciples In the process we discover just what it is about India that has made it a magnet for seekers for centuries and the importance of India s unique contribution to our human search for truth
