Cultivating Imagination in Leadership Gillian Judson, Meaghan Dougherty, 2023 This comprehensive book provides a theoretical understanding of how imagination contributes to effective leadership as well as practical tools all educational leaders can employ to cultivate their imaginations and the imaginations of others in their communities To support these goals book chapters offer multiple perspectives on what imagination is why it is essential for educational leaders and how it can be developed Contributions by leadership scholars and school based leaders are organized around three themes exploring possibilities poetics of memory and imagination s role in social justice and equity Each section opens with a leadership story that shows how a school leader developed and used imagination to create solutions to real problems Contributors to this volume were invited to read each other s work and share their questions and thoughts This work can now be used by individuals or within formal or informal learning communities to expand deepen and apply concepts Expanding on Kieran Egan s theory of Imaginative Education this book will help current and future leaders employ imagination to make sense of and address the day to day challenges they encounter Book Features Brings together empirical
