English for computer users

Student's Book **Fourth Edition**

Santiago Remacha Esteras

Now in its fourth edition, *Infotech* is a comprehensive course in the English of computing, used and trusted by students and teachers all over the world.

Fully updated in line with the latest developments in Information Communications Technology, this edition teaches intermediate students the language and skills they need to understand and work in the world of computers. The 30 topic-based units cover everything from computer essentials through to programming, web design, job hunting and future technologies.

A focus on terminology is combined with vocabulary and grammar practice to give students the tools to use English in areas such as describing features and functions, chatting online, applying for jobs and discussing the world of ICT.

With the support of clear explanations, no specialist knowledge of ICT is required, making this course ideal for anyone who needs to understand the English of computing for study or work.

Key features

- Technical reading texts and realistic listening material keep learners up-to-date with recent developments in the fast-moving world of computing, from Windows Vista to Blu-ray
- A comprehensive glossary of computer terms and acronyms provides valuable support
- A modular structure enables teachers to focus on the most relevant topics and language for their students
- New interactive internet research tasks and an online workbook enable students to use their ICT skills as they learn
