**Rethinking Management** Boris Kaehler,Jens Grundei,2025-08-27 The

concept of management is well established and very familiar to scholars and practitioners alike. However, it is also very generic with no agreed-upon definition and no consistency in the demarcation between it and its sub-concepts and other similar terms. Building on an in-depth analysis of literature, this book establishes a precise understanding of management and systematically integrates its sub-concepts of organization, governance, strategic management, human resource management, leadership, and organizational culture. It thus provides a clear theoretical and conceptual framework helping researchers to theorize and practitioners to implement corporate management models.

*European Investment in Greece in the Nineteenth Century*  
Korinna Schönhärl, 2020-09-23. Banking historiography often does not sufficiently take into account bankers' deliberations of their decision-making but rather limits investigation to considerations of profit maximisation.
