**EBOOK: Introducing Advanced Macroeconomics: Growth and Business Cycles** Peter Sørensen,Hans

Whitta-Jacobsen,2010-03-16 Introducing Advanced Macroeconomics Growth and Business Cycles 2nd edition provides students with a thorough understanding of fundamental models in macroeconomics and introduces them to methods of formal macroeconomic analysis Split into two sections the first half of the book focuses on macroeconomics for the long run introducing and developing basic models of growth and structural unemployment The second half of the book deals with the economy in the short run focusing on the explanation of business fluctuations This new edition retains the popular pitch and level established in the 1st edition and continues to bridge the gap between intermediate macroeconomics texts and more advanced textbooks Applications of Mathematics in Economics Warren Page,2013 Shows instructors what mathematics is used at the undergraduate level in various parts of economics Separate sections provide students with opportunities to apply their mathematics in relevant economics contexts Brings together many different mathematics applications to such varied economics topics **Enjoyable Econometrics** Philip Hans Franses,2018-07-05 Econometrics can at first appear a highly technical subject but it can also equip the practitioner with a useful skillset of smart ways to formulate research questions and collect data Enjoyable Econometrics applies econometric methods to a variety of unusual and engaging research questions often beyond the realm of economics demonstrating the great potential of using such methods to understand a wide range of phenomena Unlike the typical textbook approach Enjoyable Econometrics follows in the footsteps of Freakonomics by posing interesting questions first before introducing the methodology to find the answers Therefore rather than equation heavy sections based around complex methodologies the reader is presented with chapters on Money and Fashion Art and Music Franses writes in a way that will enthuse and motivate the economics student embarking upon the essential study of econometrics Indeed the book shows that econometric methods can be applied to almost anything *NEW MyEconLab with Pearson EText -- Access Card -- for Introduction to Econometrics* James H.
