"*Throw the book away*" Amie A. Doughty, 2013-05-11 Children's literature is an excellent way to educate children on everything from social behavior and beliefs to attitudes toward education itself A major aspect of

children's literature is the importance of books and reading. Books represent adult authority. This book examines the role that books reading and writing play in children's fantasy fiction from books that act as artifacts of power: The Abhorsen Trilogy, The Spiderwick Chronicles, Harry Potter, to interactive books: The Neverending Story, Malice Inkheart, to books with character writers: Percy Jackson, Captain Underpants. The author finds that although books and reading often play a prominent role in fantasy for children, the majority of young protagonists gain self-sufficiency not by reading but specifically by moving beyond books and reading.

Inkheart Trilogy Boxed Set Cornelia Funke, 2003-10-01. Meggie lives a quiet life alone with her father, a book binder. But her father has a deep secret: he possesses an extraordinary magical power. One day a mysterious stranger arrives who seems linked to her father's past. Who is this sinister character and what does he want?
