At its core, minimalism involves the use of only the most basic, essential elements in design and art. In other words, minimalism involves art that utilizes the barest of essentials: nothing more, nothing less. So what is minimalism exactly? The short answer is that it's an art style entirely on a minimalist level. Minimalism can be viewed as an aesthetic principle or even a guiding principle for artistic creation. For some artists, minimalism comes easy; the result is a type of art where everything is simply added to the background, enhancing the piece instead of subtracting from it. For others, minimalism can be a difficult, frustrating way to express yourself because it requires the artist to not only pay attention to the appearance of their work but also to pay attention to the subtleties of form and color. Still others think of minimalism in a more philosophical way, claiming it to be the foundation for all creative endeavor. Regardless of how one views minimalism, it's apparent that it can add tremendous value to your home. When you live with minimalism in your home, it allows you to appreciate the simple pleasures of life. You're less stressed out, have more time to enjoy family and friends, and don't waste money or energy trying to make art or literature out of everyday objects. Because you're living a minimalist lifestyle, you're able to appreciate simple pleasures like spending time with friends, going for a walk in the park, or enjoying that new cookbook you picked up at the local library. This allows you to live a more enjoyable, less stressful life. **Less > More** Joseph Neil, 2014-05-14. Do you find yourself often unhappy or unorganized? Do you collect material possessions? [7 Days to Minimalist Living](#) Elizabeth N. Doyd, 2014-08-10

The Most Practical Modern Guide to Living a Minimalist Lifestyle in 7 Days

Is your house overflowing with stuff that you don't use or need? Clutter can overwhelm the senses, consume space, drain energy from our surroundings, cause stress and anxiety. This book will show you how to lighten up so you can walk into your home and be surrounded only by the things you love. Living in a minimalistic way means clearing the clutter from your life to focus on what's truly important. Chances are 75% of the things in your home are no benefit to your life at all. You'll also find that throwing out a few garbage bags feels even better than therapy. Why do you hold onto things? Here are just some of the reasons: Security, but the paradox is that the more we cling, the more frustrated and overwhelmed we feel. Addiction: shopping is a high and the novelty wears off. Approval: keeping material representations of who we are is one way we show off. Identity: we identify with what we own, so that's why we're upset when something is stolen or broken. Obligation to others: we please others by keeping gifts and inherited things we don't really like or need. By letting go of possessions that no longer serve us, we can let go of old beliefs, open ourselves up to new opportunities and relationships. See your home, your life for what they really are. Need less and do more. Cultivate meaningful relationships. Be more in tune with yourself in a meditative space. Stop shopping as a form of therapy. Stop wasting money. Restore clarity. FIND WHAT YOU REALLY VALUE. When you have inner clutter, it expands to your environment. So when you live in a clean and soothing environment, it can only benefit your inner life. Don't let the word minimalism scare you. Minimalistic living is not about getting rid of modern advancements and living in the stone age. It's only about keeping things that are useful, meaningful, and add value to your life. While it does not place importance on material things and lavish living, minimalism is also not about denying yourself of the things you need. The guide is divided by different rooms and topics to make it easy and practical to refer to: Entryway, Kitchen, Living Room, Bathroom, Bedroom, Children's Rooms, Teen Rooms, Garage, Basement, Attic, Garden, Office, Computer Technology, Closets, Mail, Sentimental Objects, Photos, Cards, Letters, Music, People. This book also helps you recognize clutter, declutter, clean, organize your home room by room. Sell your things for profit. Shop for a minimalist wardrobe. Get your family on board. Declutter digital content and computer files. Go car-free or car-lite. Surround yourself with people who add value to your life. Maintain your space once you've minimalized. Living with less is the first step to a peaceful mind. It makes space for the new to come in. Buy the book, put it into practice, and welcome positive change into your life now.
