Bi Notes For A Bisexual Revolution Shiri Eisner:

Bi Shiri Eisner,2013-07-02 Depicted as duplicitous traitorous and promiscuous bisexuality has long been suspected marginalized and rejected by both straight and gay communities alike Bi takes a long overdue comprehensive look at bisexual politics from the issues surrounding biphobia monosexism feminism and transgenderism to the practice of labeling those who identify as bi as either too bisexual promiscuous and incapable of fidelity or not bisexual enough not actively engaging romantically or sexually with people of at least two different genders In this forward thinking and eye opening book feminist bisexual and genderqueer activist Shiri Eisner takes readers on a journey through the many aspects of the meanings and politics of bisexuality specifically highlighting how bisexuality can open up new and exciting ways of challenging social convention Informed by feminist transgender and queer theory as well as politics and activism Bi is a radical manifesto for a group that has been too frequently silenced erased and denied and a starting point from which to launch a bisexual revolution

Bisexuality Beyond Binaries Lisa Speidel,2025-03-31 This book brings together a collection of diverse contributors to discuss bisexual erasure and biphobia and how this intersects with racism sexism ableism and transphobia Amplifying the voices of a group often unheard and erased this book explores and celebrates the experiences stories and complexities of bisexual identity providing tools to help dismantle the dehumanization of erasure move beyond the gender binary and increase visibility of multiple bisexualities Beginning by outlining key definitions labels and context each chapter addresses an identity or experience that intersects with bisexual identity such as disability masculinity femininity gender diverse identities media religion dating apps porn non monogamy intimate partner violence aging kink and sex work Each chapter begins with theoretical research before illuminating the personal narratives of bisexual people especially people of color that reflect the negative impact of bisexual erasure as well as the joy beauty and resilience of bisexuality Engaging and powerful this book will help sex therapists students and educators enhance their inclusive and supportive practices It will also be of immense interest to bisexual people so they may see diverse realities celebrating stories of resistance and joy

It Ain't Over Til the Bisexual Speaks Various,2024-05-21 The bisexual experience is by necessity incredibly diverse we are likely to be attracted to different genders form part of multiple marginalised groups and be perceived depending on the gender of our partner in wildly different ways This anthology is a radical and ambitious attempt to capture the incredible multiplicity of bisexual identities With essays that unpack the intersectionality and conflict of bisexuality with history language sexual violence class identity religion polyamory gender critical ideology fatness trans activism the asylum system literature and anarchy this collection of bi voices demands to be heard With contributions from Shiri Eisner Hafsa Qureshi Zachary Zane Heron Greenesmith and many many more *Excluded* Julia Serano,2013-10-01 A transformational approach to overcoming the divisions between feminist communities While many feminist and queer movements are designed to challenge sexism they often simultaneously police gender and sexuality sometimes just as fiercely as the straight male centric

mainstream does Some feminists vocally condemn other feminists because of how they dress for their sexual partners or practices or because they are seen as different and therefore less valued Among LGBTQ activists there is a long history of lesbians and gay men dismissing bisexuals transgender people and other gender and sexual minorities In each case exclusion is based on the premise that certain ways of being gendered or sexual are more legitimate natural or righteous than others As a trans woman bisexual and femme activist Julia Serano has spent much of the last ten years challenging various forms of exclusion within feminist and queer LGBTQ movements In *Excluded* she chronicles many of these instances of exclusion and argues that marginalizing others often stems from a handful of assumptions that are routinely made about gender and sexuality These false assumptions infect theories activism organizations and communities and worse they enable people to vigorously protest certain forms of sexism while simultaneously ignoring and even perpetuating others Serano advocates for a new approach to fighting sexism that avoids these pitfalls and offers new ways of thinking about gender sexuality and sexism that foster inclusivity
