A Farther Shore

Edwin Gordon Lawrence

A Farther Shore:

On a Farther Shore William Souder, 2013-09-03 A New York Times Notable Book of 2012 Rachel Carson loved the ocean and wrote three books about its mysteries But it was with her fourth book *Silent Spring* that this unassuming biologist transformed our relationship with the natural world *Silent Spring* was a chilling indictment of DDT and other pesticides that until then had been hailed as safe and wondrously effective It was Carson who sifted through all the evidence documenting with alarming clarity the collateral damage to fish birds and other wildlife revealing the effects of these new chemicals to be lasting widespread and lethal *Silent Spring* shocked the public and forced the government to take action despite a withering attack on Carson from the chemicals industry It awakened the world to the heedless contamination of the environment and eventually led to the establishment of the EPA and to the banning of DDT By drawing frightening parallels between dangerous chemicals and the then pervasive fallout from nuclear testing Carson opened a fault line between the gentle ideal of conservation and the more urgent new concept of environmentalism Elegantly written and meticulously researched *On a Farther Shore* reveals a shy yet passionate woman more at home in the natural world than in the literary one that embraced her William Souder also writes sensitively of Carson's romantic friendship with Dorothy Freeman and of Carson's death from cancer in 1964 This extraordinary new biography captures the essence of one of the great reformers of the twentieth century

The Farther Shore Paul Kane, 1989 Poems deal with mortality rites of passage immigrants explorers and the search for understanding *A Farther Shore* Yvonne Kason, Teri Degler, 1994 **The Farther Shore** Nathaniel Edward Griffin, Lawrence Hunt, 2013-10 This is a new release of the original 1934 edition **The Farther Shore** Rob Davidson, 2012

A Farther Shore Gerry Adams, 2005-03-08 He's been imprisoned shot at denounced shunned and banned yet Sinn Féin president Gerry Adams remains resolute in his belief that peace is the only viable option for the Irish people Adams led the oldest revolutionary movement in Ireland on an extraordinary journey from armed insurrection to active participation in government Now he tells the story of the tumultuous series of events that led to the historic Good Friday Agreement as only he can with a tireless crusader's conviction and an insider's penetrating insight In vivid detail Adams describes the harrowing attack on his life and he offers new details about the peace process We learn of previously undisclosed talks between republicans and the British government and of conflicts and surprising alliances between key players Adams reveals details of his discussions with the IRA leadership and tells how republicans differed dissidents emerged and the first IRA cessation of violence broke down He recounts meetings in the Clinton White House tells what roles Irish Americans and South Africans played in the process and describes the secret involvement of those within the Catholic Church Then triumphantly this inspiring story climaxes with the Good Friday Agreement what was agreed and what was promised Gerry Adams brings a sense of immediacy to this story of hope in what was long considered an intractable conflict He conveys the acute tensions of the peace process and the ever present sense of teetering on the brink of both joyous accomplishment and

continued despair With a sharp eye and sensitive ear for the more humorous foibles of political allies and enemies alike Adams offers illuminating portraits of the leading characters through cease fires and standoffs discussions and confrontations Among the featured players are John Major Tony Blair Bill and Hillary Clinton Jean Kennedy Smith and Nelson Mandela As the preeminent republican strategist of his generation Gerry Adams provides the first comprehensive account of the principles and tactics underpinning modern Irish republicanism And in a world where peace processes are needed more urgently than ever *A Farther Shore* provides a template for conflict resolution **Farther Shores** Yvonne Kason M.

D., Yvonne Kason, 2008-11 A dramatic near death experience change Yvonne Kason's live forever and prompted her study of the mystical experiences that fall beyond the everyday In this newly revised edition of the bestselling *A Farther Shore* Dr Kason explores a wide range of spiritually transformative experiences near death experiences mystical experiences spiritual energy kundalini episodes psychic awakenings and spontaneous inspired creativity by sharing fascinating real life stories *Farther Shores* is an inspiring book for those who have experienced the extraordinary and for the health care professionals whom they turn for help Dr Kason offers sound advice on how to use these occurrences for spiritual growth and personal healing an exceptional book that takes the reader into a world where mystical happenings bring direction and healing to our everyday lives Jyoti Jeneane Prevatt Ph D Former Director of the Spiritual Emergence Network Author of *An Angel Called My Name* a major contribution to our understanding of a wide range of spiritually transformative experiences Kason is a wise and knowledgeable guide in these realms and I can recommend her book with the greatest enthusiasm Kenneth Ring Ph D Professor Emeritus of Psychology University of Connecticut Author of *Healing Toward Omega* and *Lessons from the Light* builds a bridge between the scientific and the spiritual a bridge physicians will feel comfortable crossing *Family Practice*

The Farther Shore, 1934 **The Farther Shore** Christie Golden, 2003-06-06 The Earth is in the crosshairs of an unrelenting Borg plague in this white knuckled Star Trek thriller featuring Admiral Janeway and her crew When an unstoppable Borg plague breaks out upon Earth blame quickly falls on the newly returned crew of the U S S Voyager Did Kathryn Janeway and the others unknowingly carry this insidious infection back with them Many in Starfleet think so and Seven of Nine in particular falls under a cloud of suspicion Now with a little help from the U S S Enterprise Admiral Janeway must reunite her crew in a desperate last ditch attempt to discover the true source of the contagion and save Earth itself from total assimilation into a voracious new Borg Collective But time is running out Has Voyager come home only to witness humanity's end *The Alchemy of Disease* John Whysner, 2020-06-02 Since the dawn of the industrial age we have unleashed a bewildering number of potentially harmful chemicals But out of this vast array how do we identify the actual threats What does it take to prove that a certain chemical causes cancer How do we translate academic knowledge of the toxic effects of particular substances into understanding real world health consequences The science that answers these questions is toxicology In *The Alchemy of Disease* John Whysner offers an accessible and compelling history of toxicology and

its key findings He details the experiments and discoveries that revealed the causal connections between chemical exposures and diseases Balancing clear accounts of groundbreaking science with human drama and public policy relevance Whysner describes key moments in the development of toxicology and their thorny social and political implications The book features discussions of toxicological problems past and present including DDT cigarettes and other carcinogens lead poisoning fossil fuels chemical warfare pharmaceuticals including opioids and the efficacy of animal testing Offering valuable insight into the science and politics of crucial public health concerns The Alchemy of Disease shows that toxicology s task pinpointing the chemical cause of an illness is as compelling as any detective story Martin's Quest Andrew Littauer, Diane M.

Moore, 1995-10-01 **American Environmentalism** J. Michael Martinez, 2013-06-20 Protecting the natural environment and promoting sustainability have become important objectives but achieving such goals presents myriad challenges for even the most committed environmentalist American Environmentalism Philosophy History and Public Policy examines whether competing interests can be reconciled while developing consistent cohe **Out of the Ashes** Robert White, 2017-04-25 Out of the Ashes is the definitive history of the Provisional Irish Republican movement from its formation at the outset of the modern Troubles up to and after its official disarmament in 2005 Robert White a prolific observer of IRA and Sinn F in activities has amassed an incomparable body of interview material from leading members over a thirty year period In this defining study the interviewees provide extraordinary insights into the complex motivations that provoked their support for armed struggle their eventual reform and the mind set of today s dissidents who refuse to lay down their arms Those interviewed stem from every stage of the Provisionals history from founding figures such as Se n Mac Stiof in Ruair Br daigh and Joe Cahill to the new generation that replaced them Martin McGuinness Danny Morrison and Brendan Hughes among others Out of the Ashes is a pioneering history that breaks new ground in defining how the Provisionals operated caused worldwide condemnation and were transformed by constitutional politics *Environmental Sustainability and American Public Administration* J. Michael Martinez, 2016-11-01 Protecting the natural environment and promoting environmental sustainability have become important objectives for U S policymakers and public administrators at the dawn of the twenty first century Institutions of American government especially at the federal level and the public administrators who work inside of those institutions play a crucial role in developing and implementing environmental sustainability policies This book explores these salient issues logically First it explores fundamental concepts such as what it means to be environmentally sustainable how economic issues affect environmental policy and the philosophical schools of thought about what policies ought to be considered sustainable From there it focuses on processes and institutions affecting public administration and its role in the policy process Accordingly it summarizes the rise of the administrative state in the United States and then reviews the development of federal environmental laws and policies with an emphasis on late twentieth century developments This book also discusses the evolution of American environmentalism by outlining the history of the environmental movement and

the growth of the environmental lobby Finally this book synthesizes the information to discuss how public administration can promote environmental sustainability

The Farther Shore Jack Couffer, 1959 **The Farther Shore** Robert Lowell, O. M. Hughes, Rampant Lions Press, 1971 **The Biography and Public Services of Hon James G. Blaine** Hugh Craig, 1884
