Practical Program Evaluation Huey T. Chen, 2014-09-19 The Second Edition of Practical Program Evaluation shows readers how to systematically identify stakeholders needs in order to select the evaluation options best suited to meet those needs Within his discussion of the various evaluation types Huey T Chen details a range of evaluation approaches suitable for use across a program s life cycle At the core of program evaluation is its body of concepts theories and methods This revised edition provides an overview of these and includes expanded coverage of both introductory and more cutting edge techniques within six new chapters Illustrated throughout with real world examples that bring the material to life the Second Edition provides many new tools to enrich the evaluator s toolbox *RealWorld Evaluation* Michael Bamberger, Linda Mabry, 2019-07-31 RealWorld Evaluation Working Under Budget Time Data and Political Constraints addresses the challenges of conducting program evaluations in real world contexts where evaluators and their clients face budget and time constraints The new Third Edition includes a new chapter on gender equality and women s empowerment and discussion of digital technology and data science **Qualitative Research & Evaluation Methods** Michael Quinn Patton, 2023-02-07 Drawing on more than 40 years of experience conducting applied social science research and program evaluation author Michael Quinn Patton has crafted the most comprehensive and systematic book on qualitative research and evaluation methods inquiry frameworks and analysis options available today Now offering more balance between applied research and evaluation this Fourth Edition illuminates all aspects of qualitative inquiry through new examples stories and cartoons more than a hundred new summarizing and synthesizing exhibits and a wide range of new highlight sections sidebars that elaborate on important and emergent issues For the first time full case studies are included to illustrate extended research and evaluation examples In addition each chapter features an extended rumination written in a voice and style more emphatic and engaging than traditional textbook style about a core issue of persistent debate and controversy *Evaluating Climate Change Action for Sustainable Development* Juha I. Uitto, Jyotsna Puri, Rob D. van den Berg, 2017-01-11 This book is open access under a Creative Commons license This authoritative book presents the ever progressing state of the art in evaluating climate change strategies and action It builds upon a selection of relevant and practical papers and presentations given at the 2nd International Conference on Evaluating Climate Change and Development held in Washington DC in 2014 and includes perspectives from independent evaluations of the major international organisations supporting climate action in developing countries such as the Global Environment Facility The first section of the book sets the stage and provides an overview of independent evaluations carried out by multilateral development banks and development organisations Important topics include how policies and organisations aim to achieve impact and how this is measured whether climate change is mainstreamed into other development programs and whether operations are meeting the urgency of climate change challenges The following sections focus on evaluation of climate change projects and policies as they link to

development from the perspective of international organisations NGO s multilateral and bilateral aid agencies and academia The authors share methodologies or approaches used to better understand problems and assess interventions strategies and policies They also share challenges encountered what was done to solve these and lessons learned from evaluations

Collectively the authors illustrate the importance of evaluation in providing evidence to guide policy change to informed decision making
