German medium sized enterprises operate skilled labour and development of these is of high importance Overall the dissertation concludes that Talent Management is recognised and implemented as an instrument of strategic human resources management within German medium sized enterprises Special focus is put on investment in the Human Capital as the development and retention of potential is of strong importance However due to limited financial budgets and less recognition of line managers Talent Management stands in its infancy The research recommends further studies in order to investigate the findings and limitations of this dissertation such as the empirically undetected field of Talent Management as a high performing system in national context or within small and medium sized enterprises
