For beginning to mid-level executives, Organizational Behavior and Management by John Ivancevich, Robert Konopaske, and Michael Matteson (2007-02) is a more user-friendly and application-rich introductory OB textbook. The author team has examined, listened to, and responded to reviewers, instructors, and students' suggestions on how to continue to make Organizational Behavior and Management 8e a more user-friendly and application-rich introductory OB textbook. To accomplish this, OBM 8e achieves the difficult goal of preserving its key strengths, i.e., thorough current good balance of research and practice while streamlining its content by removing over 100 pages of readings that are now available on the Web. This reduction in page length makes the book more affordable, teachable, and efficient for students. Preserving scholarship while streamlining captures the spirit of what I K M used as the guiding principle while writing OBM 8e. *The Academy of Management Review* (Academy of Management, 1994) **Fundamentals of Corporate Governance: Executives and performance** (Thomas Clarke, Marie dela Rama, 2008) *Harvard Business School Core Collection* (Baker Library, 1999) **Central Currents in Organization Theory** (Stewart Clegg, 2002) **Business and Economic History** (Business History Conference, 1993)
