Getting Lost Annie Ernaux, 2022-09-27 WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE The diary of one of France's most important award winning writers during the year she had a passionate and secret love affair with a Russian diplomat Getting Lost is the diary Annie Ernaux kept during the year and a half she had a secret love affair with a younger

married man a Russian diplomat Her novel Simple Passion was based on this affair but here her writing is immediate unfiltered In these diaries it is 1989 and Annie is divorced with two grown sons living outside of Paris and nearing fifty Her lover escapes the city to see her there and Ernaux seems to survive only in expectation of these encounters saying his desire for me is the only thing I can be sure of She cannot write she trudges distractedly through her various other commitments in the world she awaits his next call she lives only to feel desire and for the next rendezvous When he is gone and the desire has faded she feels that she is a step closer to death Lauded for her spare prose Ernaux here removes all artifice her writing pared down to its most naked and vulnerable Getting Lost is as strong a book as any that she has written a haunting desperate view of strong and successful woman who seduces a man only to lose herself in love and desire Remembrance of Things Past: Cities of the plain Marcel Proust,1930 **Remembrance of Things Past: The Guermantes way** Marcel Proust,1929 The Sweet Cheat Gone (aka. Albertine Gone Marcel Proust,1925 *Film, Music, Memory* Berthold Hoeckner,2019-11-27 Film has shaped modern society in part by changing its cultures of memory Film Music Memory reveals that this change has rested in no small measure on the mnemonic powers of music As films were consumed by growing American and European audiences their soundtracks became an integral part of individual and collective memory Berthold Hoeckner analyzes three critical processes through which music influenced this new culture of memory storage retrieval and affect Films store memory through an archive of cinematic scores In turn a few bars from a soundtrack instantly recall the image that accompanied them and along with it the affective experience of the movie Hoeckner examines films that reflect directly on memory whether by featuring an amnesic character a traumatic event or a surge of nostalgia As the history of cinema unfolded movies even began to recall their own history through quotations remakes and stories about how cinema contributed to the soundtrack of people s lives Ultimately Film Music Memory demonstrates that music has transformed not only what we remember about the cinematic experience but also how we relate to memory itself
