A Dictionary of Everyday English Metaphors Han Rong Qin,2025-09-10 This was published by the most prestigious university press in China Peking University Press in 2011 There have been many world famous English research masters in that university which gives us sound academic support in producing the book This book was written in English and Chinese The metaphors are explained in English and Chinese and the example sentences were mostly gleaned from the famous novel writers and playwrights renowned magazines newspapers government documents etc

with Chinese translation The book was composed of 25 sections A B C D E F G H I J K L M N O P Q R S T U V W Y Z We tried to make the language of the book simple and succinct One of our web friends said the language if the book was ludicrously succinct Metaphors make our language rich and beautiful One word or phrase is applied to something or someone not literally just in comparison to something or someone to make the description more powerful For example evening of one s life cut off one s nose to spite one s face Many of our great writers through their works show they are language masters of using metaphors which make their works vivid and powerful As for the translators of languages they have to pay special attention to metaphors As a famous translator someone in 1920s translated the Milky Way Galaxy into Chinese literally as road full of milk which today is still a joke in Chinese translating circles Actually you find very few books about metaphors while people find these books are helpful We hope this book will give tremendous help to language learners translators and writers of novels and play writers and other English users **Harper's New Monthly Magazine** ,1888 *Geyer's Stationer* ,1902
