# Numerical Analysis

The background of the cover features a complex, abstract 3D visualization. It consists of several overlapping, semi-transparent surfaces and curves. The primary colors are shades of cyan, light blue, and green, which glow against the dark, almost black background. The shapes appear to be mathematical in nature, possibly representing a helix, a sphere, or a similar geometric form, rendered with a fine grid or mesh texture. The overall effect is one of depth and mathematical precision.
