big things follow **Drama and Reading for Meaning Ages 4-11** Lorraine S. Harrison, 2022-04-19 Drama and Reading for Meaning Ages 4-11 contains over 40 creative drama ideas to help develop reading for meaning in the primary school. The wide range of clearly explained, structured, and engaging drama activities will appeal to all primary practitioners who wish to develop more creative approaches to the teaching of reading. The activities show how drama can develop some of the skills associated with reading for meaning, such as empathising with characters' feelings, exploring settings and themes, and making inferences based on evidence. The step-by-step activities range from familiar classroom drama strategies such as freeze frames and hot seating to less well-known approaches involving whole-class drama experiences. The book also serves as an introduction to using drama as a learning medium, with advice on how to set the ground rules and clear explanations of the drama strategies. Each chapter has a detailed explanation of what to do, followed by a number of examples linked to quality texts, including poetry and non-fiction. From bringing books to life in reception and Years 1 and 2 to peeling back the layers of meanings in Years 3 to 6, all the drama activities in this book are designed to improve reading for meaning and help motivate children to read for pleasure, making this an essential resource for all primary settings.

Innovations in Digital Instruction Through Virtual Environments DeHart, Jason D., 2023-04-25 The implementation of virtual environments in education has been rapidly increasing in frequency after the COVID-19 pandemic. As these technologies rise in popularity, it is essential to understand the roles digital technologies play in fostering connections and learning the affordances of digital texts and spaces for virtual classroom experiences. The difficulties educators have faced and how these practices have been crafted to meet these challenges and more. *Innovations in Digital Instruction Through Virtual Environments* advances knowledge about the pedagogical decisions and lived experiences of researchers and educators both before and after the COVID-19 pandemic. It features research from those who have worked to sustain and develop digital media pedagogical practices. Covering topics such as active learning environments, emotional labor, and textual engagements, this premier reference source is an excellent resource for educators and administrators of both K-12 and higher education, pre-service teachers, teacher educators, librarians, researchers, and academicians.

*P.S. You're a Genius* Kelly Trach, 2021-11-30 Do you feel like you're doing it all and it's still not enough? Discover your shortcut to success in *P.S. You're a Genius*. After a lifetime of overachieving, aiming to be excellent at everything, and three failed tech startups in Silicon Valley, Kelly Trach was stirred by a simple question: What if I just did what I'm good at? Now a six-figure business coach, Kelly poses the same question to you: What if you just did what you're good at? Despite conventional wisdom, the gifts and experience you need are already innate. Having that "it" factor or special ingredient isn't as elusive as you may think. *P.S. You're a Genius* takes you on a self-reflective journey to find your own gifts, especially when you don't feel gifted at all. Asking questions like "How are your idols a reflection of your own genius? What are you great at that nobody taught you how to do? How is your darkest shadow your greatest gift? What have you been unexpectedly criticized for?" Through these questions and more, you'll uncover the ways you naturally excel, relinquish the lie

that you're not good enough and discover how to convincingly convey your value to anyone. In the process you'll unlock the gumption to go after what you really want and ditch the mindset blocks holding you back because YOU have an inherent genius. You just have to find it. *The Making of Mia* Ilana Fox, 2011-08-04. Gorgeous feel good debut of one woman's journey from rags to riches. When Jo Hill lands a job as a PA at GLOSS magazine she thinks it's the job of her dreams. But it soon turns into a nightmare. As a mousy secretary with a penchant for giant bags of Maltesers and comfy shoes, Jo doesn't exactly fit in at the uber-chic office. Her boss humiliates her, her colleagues bitch about her, even the receptionist ignores her. At first Jo's not sure why it's her hair, her figure, her clothes. Then she realises it's pretty much all of the above and that she'll never be like the sleek glamorous girls flitting round the office in their Sass Bide jeans and Gucci mules. Or will she? Jo might be overweight and overlooked, but she's different in other ways too. She's bright, ambitious, and smart, and what's more, she has a plan. Reduced to tears for the umpteenth time by her boss, the gorgeous but vicious magazine publisher Joshua Garnet, Jo knows it's time for drastic action. She's had it with magazines and knows that discovering a whole new you takes more than a manicure and a new MAC blusher. Jo's going to give herself the ultimate makeover, and by the time she's finished the magazine world and Joshua won't know what's hit them. Goodbye Jo, hello Mia, magazine diva extraordinaire. **Training Directory for Business and Industry**, 1989. *Ebony Man*, 1986-11. **The Encyclopaedic dictionary; a new, practical and exhaustive work of reference to all the words in the English language, with a full account of their origin, meaning, pronunciation, history and use** Robert Hunter, 1894. *Work*, 1904. This book is about the poisonous people who walk among us: The romantic partner who twists every conversation, the office bully who keeps being promoted, or the reckless relative who never takes responsibility for their actions. Award-winning psychologist Leanne ten Brinke has studied dark personalities for decades, examining their behaviour in settings as varied as prisons, schools, and financial boardrooms, even in the United States Senate. Dr ten Brinke uses a mixture of new science and storytelling to help you identify dark personalities, understand how they cause so much harm, take evasive action before you become their target, prevent bad behaviour, decide if you should leave, get out of toxic situations unscathed. The latest research shows that a relatively small number of people are bringing the rest of us down. This insightful, humane, optimistic, and empowering book gives you powerful, evidence-based tools to neutralise their poison and improve your life.
