In the sweltering hills of Knoxville at the University of Tennessee, Dr. Bill Brockton, the bright, ambitious young head of the Anthropology Department, launches an unusual, some would call it macabre, research facility unlike any other in existence. Brockton is determined to revolutionize the study of forensics to help law enforcement better solve crime. But his plans are derailed by a chilling murder that leaves the scientist reeling from a sense of déjà vu. Followed by another, and then another, bodies that bear eerie resemblances to cases from Brockton's past. But as the body count rises, the victims' fatal injuries grow more and more distinctive, a spiral of death that holds dark implications for Brockton and everyone he holds dear.
