Cisco Certified Design Associate Self-Study Course

The Audience for This Class

This class is for you if:

- You are a systems engineer or network designer.
- You have working knowledge of internetworking and Cisco products.
- You want to become a Cisco Certified Design Associate (CCDA).

If you lack experience with internetworking technologies and Cisco products, you should review the interactive, self-paced Cisco Connection Training CD-ROM before starting this course. The Cisco Connection Training CD-ROM is included in your student kit.

CCDA Sylvan Exam

When you complete this course, you may choose to become certified and complete the CCDA exam through your local Sylvan testing center. The CCDA Sylvan administered examination will verify that you have met the objectives for this course.

Time and Resources Required to Complete This Class

This class will take you about 24 to 40 hours to complete, depending on your networking background and experience.

Components of the course will require you to read information on Cisco's Web site or other sites on the World Wide Web. Make sure you have an Internet connection before starting this course.

Objectives for This Course

Upon completion of this course, you will be able to:

- Design a network that meets a customer's requirements for performance, security, capacity, and scalability.
- Assemble Cisco product lines into an end-to-end networking solution.
