The Establishment Owen Jones,2015-04-21 A major bestseller in the UK and a six time Best Book of 2014 The Establishment is a sweeping look at how power and money have made British politics hugely undemocratic Power money and undemocratic politics wait does that sound familiar Who wields power in politics It is a question that s asked all too often and never really answered But that s exactly what Owen

Jones has done in *The Establishment* which has already taken Great Britain by storm To expose the shadowy and unaccountable network of people who dominate British political life the people who influence major decisions and reap huge profits in the process Owen Jones sets out on a journey into the very heart of the elite From the lobbies of the Houses of Parliament to Rupert Murdoch s newsrooms to the conference rooms of some of the world s biggest banks Jones systematically explores the revolving doors that link the worlds of politics media and finance and shows how this corrupt and incestuous world came to be Funny sharp and rich with brilliant descriptions of the men and women at the heart of the elite *The Establishment* is a joy to read but its diagnosis is deadly serious the establishment is the biggest threat to democracy today And it s time writes Jones for it to be challenged *Archiv für Sozialgeschichte* ,2013 *The Comic Turn in Contemporary English Fiction* Huw Marsh,2020-07-09 *The Comic Turn in Contemporary English Fiction* explores the importance of comedy in contemporary literature and culture In an era largely defined by a mood of crisis bleakness cruelty melancholia environmental catastrophe and collapse Huw Marsh argues that contemporary fiction is as likely to treat these subjects comically as it is to treat them gravely and that the recognition and proper analysis of this humour opens up new ways to think about literature Structured around readings of authors including Martin Amis Nicola Barker Julian Barnes Jonathan Coe Howard Jacobson Magnus Mills and Zadie Smith this book suggests not only that much of the most interesting contemporary writing is funny and that there is a comic tendency in contemporary fiction but also that this humour this comic licence allows writers of contemporary fiction to do peculiar and interesting things things that are funny in the sense of odd or strange and that may in turn inspire a funny turn in readers Marsh offers a series of original critical and theoretical frameworks for discussing questions of literary genre style affect and politics demonstrating that comedy is an often neglected mode that plays a generative role in much of the most interesting contemporary writing creating sites of rich political stylistic cognitive and ethical contestation whose analysis offers a new perspective on the present Chavs Owen Jones,2018-10-08 En la Gran Bretaña actual la clase trabajadora se ha convertido en objeto de miedo y escarnio Desde la Vicky Pollard de Little Britain a la demonización de Jade Goody los medios de comunicación y los políticos desechan por irresponsable delincuente e ignorante a un vasto y desfavorecido sector de la sociedad cuyos miembros se han estereotipado en una sola palabra cargada de odio chavs En este aclamado estudio Owen Jones analiza cómo la clase trabajadora ha pasado de ser la sal de la tierra a la escoria de la tierra Desvelando la ignorancia y el prejuicio que están en el centro de la caricatura chav retrata una realidad mucho más compleja el estereotipo chav dice es utilizado por los gobiernos como pantalla para evitar comprometerse de verdad con los problemas sociales y económicos y justificar el aumento de la desigualdad Basado en una investigación exhaustiva y original este libro es una crítica irrefutable de los medios de comunicación y de la clase dirigente y un retrato esclarecedor e inquietante de la desigualdad y el odio de clases en la Gran Bretaña actual La edición incluye un nuevo capítulo que explora las causas y las consecuencias de los episodios de violencia que ocurrieron durante el

[The Communist Manifesto](#) Karl Marx, Friedrich Engels, 2017-10-03 The Communist Manifesto originally titled Manifesto of the Communist Party German Manifest der Kommunistischen Partei is a short 1848 book written by the German Marxist political theorists Karl Marx and Friedrich Engels It has since been recognized as one of the world's most influential political manuscripts Commissioned by the Communist League it laid out the League's purposes and program It presents an analytical approach to the class struggle historical and present and the problems of capitalism rather than a prediction of communism's potential future forms The book contains Marx and Engels' Marxist theories about the nature of society and politics that in their own words The history of all hitherto existing society is the history of class struggles It also briefly features their ideas for how the capitalist society of the time would eventually be replaced by socialism and then eventually communism A number of late 20th and 21st century writers have commented on the Communist Manifesto's continuing relevance In a special issue of the Socialist Register commemorating the Manifesto's 150th anniversary Peter Osborne argued that it was the single most influential text written in the nineteenth century Academic John Raines in 2002 noted that In our day this Capitalist Revolution has reached the farthest corners of the earth The tool of money has produced the miracle of the new global market and the ubiquitous shopping mall Read The Communist Manifesto written more than one hundred and fifty years ago and you will discover that Marx foresaw it all In 2003 the English Marxist Chris Harman stated There is still a compulsive quality to its prose as it provides insight after insight into the society in which we live where it comes from and where it's going to It is still able to explain as mainstream economists and sociologists cannot today's world of recurrent wars and repeated economic crisis of hunger for hundreds of millions on the one hand and overproduction on the other There are passages that could have come from the most recent writings on globalisation Alex Callinicos editor of International Socialism stated in 2010 that This is indeed a manifesto for the 21st century Writing in The London Evening Standard in 2012 Andrew Neather cited Verso Books' 2012 re-edition of The Communist Manifesto with an introduction by Eric Hobsbawm as part of a resurgence of left-wing themed ideas which includes the publication of Owen Jones' best-selling Chavs The Demonization of the Working Class and Jason Barker's documentary Marx Reloaded In contrast critics such as Revisionist Marxist and reformist socialist Eduard Bernstein distinguished between immature early Marxism as exemplified by the Communist Manifesto written by Marx and Engels in their youth that he opposed for its violent Blanquist tendencies and later mature Marxism that he supported This latter form refers to Marx in his later life acknowledging that socialism

could be achieved through peaceful means through legislative reform in democratic societies Bernstein declared that the massive and homogeneous working class claimed in the Communist Manifesto did not exist and that contrary to claims of a proletarian majority emerging the middle class was growing under capitalism and not disappearing as Marx had claimed Bernstein noted that the working class was not homogeneous but heterogeneous with divisions and factions within it including socialist and non socialist trade unions Marx himself later in his life acknowledged that the middle class was not disappearing in his work Theories of Surplus Value 1863 The obscurity of the later work means that Marx's acknowledgement of this error is not well known George Boyer described the Manifesto as very much a period piece a document of what was called the hungry
