

# Addressing the top challenges facing Alberta Municipalities in 2020 with Project & Portfolio Management

(A.K.A. Do the right projects and do projects right.)

Western Principles, © January 2020.

## Key Points:

- In 2020, Alberta municipal governments are faced with numerous competing challenges in many large categories – not the least of which is massive funding cuts from the Province.
- Do the right projects. Do projects right.
  - With limited budgets and limited experienced people to address these pressing challenges, municipal governments need to make complex decisions to prioritize projects and programs.
  - Once projects and programs are selected, each municipality needs to have processes and technology in place to help manage projects successfully to completion.
- Selecting and configuring a project and portfolio management system to meet your needs will help you ensure you do the right projects, do projects right, and that you have visibility into the programs, resources, risks, costs, and progress for the entire portfolio of work.
