gained through such postcolonial approaches will help preachers invite their listeners into a partnership with the triune God in order to participate in God's reconciling work. The postcolonial approaches used in this book contest the dominance of traditional assumptions and practices of preaching Jesus and propose a new homiletical paradigm that makes it possible for Christian preaching to contribute to the transformation of our present world into a life lived together in justice and peace with the new images of Jesus as postcolonial self, postcolonial song, postcolonial child, postcolonial body, and postcolonial friend. Resources in Education, 1989 **Chaucer as Children's Literature** Velma Bourgeois Richmond, 2004-04-13

Although Geoffrey Chaucer is the major author for Middle English studies, he often receives little notice in studies of children's literature. However, there is a fascinating relationship between Chaucer and children's interests. This book examines in detail Chaucer stories retold for children, both the texts and the illustrations, which are excellent examples of the verbal and visual storytelling that are very important in children's literature. The popularity of certain Chaucer stories, their adjustment for children, and the historical, political, educational, and social contexts of the retellings reveal Victorian and Edwardian attitudes. The author also considers how retellings of Chaucer stories contributed to the traditional view of Chaucer as the Father of English and how this view of him was developed at the turn of the twentieth century as part of an expansion of general education and English studies. **Digest**, 1927 *Literature*, 1898 **The Cumulative Book Index**, 1903
