Making the Common Core Writing Standards Accessible Through Universal Design for Learning Sally A. Spencer,2015-03-17 Unlock hidden writing skills in all learners through UDL The Common Core State Standards CCSS for writing are promising but are challenging to implement especially for struggling students Sally A Spencer demonstrates the promise of Universal Design for Learning UDL as a framework for making the CCSS writing and language standards accessible to all kids Educators who utilize these strategies will know How to leverage the strengths of students to optimize writing instruction and overcome their weaknesses The ways UDL can minimize the roadblocks in CCSS implementation How to and how not to use technology to teach writing and language conventions Mind, Brain and Narrative Anthony J. Sanford,Catherine Emmott,2012-12-20 Narratives enable readers to vividly experience fictional and non fictional contexts Writers use a variety of language features to control these experiences they direct readers in how to construct contexts how to draw inferences and how to identify the key parts of a story Writers can skilfully convey physical

sensations prompt emotional states effect moral responses and even alter the readers attitudes Mind Brain and Narrative examines the psychological and neuroscientific evidence for the mechanisms which underlie narrative comprehension The authors explore the scientific developments which demonstrate the importance of attention counterfactuals depth of processing perspective and embodiment in these processes In so doing this timely interdisciplinary work provides an integrated account of the research which links psychological mechanisms of language comprehension to humanities work on narrative and style

It's Not What You Teach But How Nancy Sulla,2015-05-15 How do we prepare students to become problem finders innovators and entrepreneurs who can thrive in a global society The Common Core charts a pathway to success yet we know that checking off each standard one by one will not achieve the kind of results we want This powerful book by bestselling author Nancy Sulla has the answers She explains how teachers can bring students to deeper levels of learning by shifting from the what to the how of the CCSS She offers seven insights that you can use to teach the standards in a more meaningful way to bring all of your students to true understanding and application You ll uncover how to Incorporate ends based teaching to ensure that the instructional focus is on the ultimate goal of each standard and not just on the basic skills Encourage grappling with content through structured techniques such as problem based learning questioning and simulations Use cognitive progression by understanding how the brain learns to produce real results Harness the power of language in all disciplines not just in English language arts Build executive function in the brain rather than focusing on academic function alone Increase retention by using learning and practice activities in different ways and by differentiating instruction and Become a true facilitator not just a responder to students questions Throughout the book you ll find a variety of practical examples from across the curriculum as well as Your Turn opportunities to help you try the ideas in your own classroom The future may not be easily defined but it can be shaped by teachers who are right now preparing the next generation of world citizens
