*Reader* Woody Allen,1993 Celebration of a great talent *Perspectives on Woody Allen* Renée R. Curry,1996 Often the subject of critical and popular attention Woody Allen is a major figure in the film world as writer director and actor This volume reprints key reviews of his best known films from the early comedies Bananas and Love and Death to later films such as Hannah and Her Sisters and Husbands and Wives and offers essays and articles many newly commissioned tracing Allen s artistic career and addressing such themes and issues as the family the Holocaust and psychoanalysis **Seems Like Old Times** Britta Feyerabend,2009 Woody Allen is one of America s most prolific authors actors and auteur film directors His oeuvre which spans five decades has always been marked by a postmodern play with conventions experimental techniques and explorations of the status quo of modern urban lives Yet Woody Allen is also a nostalgic who makes the history of his

nation his people and his individual subjects the constant theme of his work Whether cryogenically frozen Miles Monroe wakes up in the future only to misinform scientists about the past whether stand up comedian Alvy Singer reminisces his relationship to Annie Hall or whether ophtalmologist Judah Rosenthal is tormented by his memory of his Jewish rabbinical father after having had his girlfriend killed the past whether personal or communal is always an integral part of Allen s characterizations and plots Contrary to the assumption that postmodernity is necessarily linked to the future only and negates all history the present study argues that postmodern subjects very much depend on an active evaluation of the past and that through the lens of history present crises and traumata can be overcome In this way nostalgia manages to bring history back into postmodernism

**Choices for Living** Thomas S. Langner,2005-12-11 Although many books are written about bereavement very few are written about the fear of one s own death and most of these focus chiefly on terminal illness In contrast this book looks at the ways in which the fear of death operates on a back burner throughout our lives and how it influences the choices we make and the paths that we follow in life The author presents a moral hierarchy of behavior used in coping with the fear of death and dying

**Woody Allen** Vittorio Hösle,2007 In this extended essay Vittorio Hösle develops a theory of the comical and applies it to interpret both the recurrent personae played by Woody Allen the actor and the philosophical issues addressed by Woody Allen the director in his films Taking Henri Bergson s analysis of laughter as a starting point Hösle integrates aspects of other theories of laughter to construct his own more finely articulated and expanded model With this theory in hand Hösle discusses the incongruity in the characters played by Woody Allen and describes how these personae are realized in his work Hösle focuses on the philosophical issues in Allen s major films by exploring the identity problem in Play It Again Sam and Zelig the shortcomings of the positivist concept of reality in A Midsummer Night s Sex Comedy the relation between reality and art in The Purple Rose of Cairo the objective validity of morality in Crimes and Misdemeanors the power of evil in Shadows and Fog and the relation between art and morality in Bullets over Broadway He cites Allen s virtuosic reinterpretation of older forms of expression and his integration of the fantastic into the comic universe elements like the giant breasts anxious sperm extraterrestrials ghosts and magicians that populate his movies as formal moves akin to those of Aristophanes Both an overview of Allen s work and a philosophical analysis of laughter Hösle s study demonstrates why Allen s films have more to offer us morally philosophically and artistically than just a few laughs
