Implementer's Guide: A Structured Approach for Business
Process Modeling and Implementation Using Bpmn 2**

Description :

BPMN 2.0 is the industry standard diagramming language for business process models. The meaning of the business process diagram is the same, regardless of the tool used to create it. But creating models that are correct, complete, and clear demands more than a dictionary of BPMN shapes and symbols. It also requires a methodology for translating process logic consistently into the
