Benjamin Britten, His Life and Operas Eric Walter White, 1983 This new edition has been thoroughly revised and edited by John Evans research scholar to the Britten Estate who has updated the chronological list of published works and included in the bibliography the many books that have been written about the composer since his death in 1976 Although as the title suggests this book concentrates on Britten s operatic output Mr White s account offers insights into the whole range of this prodigious composer s music The text is lavishly illustrated with plates that reveal both the diversity of his operatic development and comprise a distinctive pictorial bibliography

**Letters from a Life Volume 3 (1946-1951)** Benjamin Britten, 2012-08 The third volume of the annotated selected letters of composer Benjamin Britten covers the years 1946-51 during which he wrote many of his best known works founded and developed the English Opera Group and the Aldeburgh Festival and toured widely in Europe and the United States as a pianist and conductor Correspondents include librettists Ronald Duncan *The Rape of Lucretia* Eric Crozier *Albert Herring* Saint Nicolas *The Little Sweep* and E M Forster *Billy Budd* conductor Ernest Ansermet and composer Lennox Berkeley publishers Ralph Hawkes and Erwin Stein of Boosey and the celebrated tenor Peter Pears Britten s partner Among friends in the United States are Christopher Isherwood Elizabeth Mayer and Aaron Copland and there is a significant meeting with Igor Stravinsky This often startling and innovative period is vividly evoked by the comprehensive and scholarly annotations which offer a wide range of detailed information fascinating for both the Britten specialist and the general reader Donald Mitchell contributes a challenging introduction exploring the interaction of life and work in Britten s creativity and an essay examining for the first time through their correspondence the complex relationship between the composer and the writer Edward Sackville West

**The Cambridge Companion to Benjamin Britten** Mervyn Cooke, 1999-06-28 The Cambridge Companion to Benjamin Britten is a comprehensive guide to the composer s work aimed both at the non specialist and music student It sheds light on both the composer s stylistic and personal development offering new interpretations of his operatic works and discussing his characteristic working methods Topics treated here in detail for the first time include Britten s work in the cinema in the 1930s his lifelong pacifism and his strong interest in the music of the Far East other chapters include reassessments of his relationship with W H Auden and his attitude towards childhood comprehensive analyses of major works and a concise history of the Aldeburgh Festival A distinguished team of contributors include some who worked with the composer during his lifetime as well as leading representatives of the younger generation of Britten scholars on both sides of the Atlantic

**Benjamin Britten** Paul Kildea, 2013-01-28 Published to mark the beginning of the Britten centenary year in 2013 Paul Kildea s *Benjamin Britten A Life in the Twentieth Century* is the definitive biography of Britain s greatest modern composer In the eyes of many Benjamin Britten was our finest composer since Purcell a figure who often inspired him three hundred years earlier He broke decisively with the romantic nationalist school of figures such as Parry Elgar and Vaughan Williams and recreated English

music in a fresh modern European form With Peter Grimes 1945 Billy Budd 1951 and The Turn of the Screw 1954 he arguably composed the last operas from any composer in any country which have entered both the popular consciousness and the musical canon He did all this while carrying two disadvantages to worldly success his passionately held pacifism which made him suspect to the authorities during and immediately after the Second World War and his homosexuality specifically his forty year relationship with Peter Pears for whom many of his greatest operatic roles and vocal works were created The atmosphere and personalities of Aldeburgh in his native Suffolk also form another wonderful dimension to the book Kildea shows clearly how Britten made this creative community notably with the foundation of the Aldeburgh Festival and the building of Snape Maltings but also how costly the determination that this required was Above all this book helps us understand the relationship of Britten's music to his life and takes us as far into his creative process as we are ever likely to go Kildea reads dozens of Britten's works with enormous intelligence and sensitivity in a way which those without formal musical training can understand It is one of the most moving and enjoyable biographies of a creative artist of any kind to have appeared for years Paul Kildea is a writer and conductor who has performed many of the Britten works he writes about in opera houses and concert halls from Sydney to Hamburg His previous books include Selling Britten 2002 and as editor Britten on Music 2003 He was Head of Music at the Aldeburgh Festival between 1999 and 2002 and subsequently Artistic Director of the Wigmore Hall in London

**Benjamin Britten** Lucy Walker, Lucy S. Walker, 2009 This volume reveals the extent to which Britten scholarship is reaching outside the confines of Anglo American criticism The volume engages with juvenilia and other orchestral works from the 1920s and examines the broad range of influences on Britten

**Benjamin Britten** Eric Walter White, 1970 This new edition has been thoroughly revised and edited by John Evans research scholar to the Britten Estate who has updated the chronological list of published works and included in the bibliography the many books that have been written about the composer since his death in 1976 Although as the title suggests this book concentrates on Britten's operatic output Mr White's account offers insights into the whole range of this prodigious composer's music The text is lavishly illustrated with plates that reveal both the diversity of his operatic development and comprise a distinctive pictorial bibliography
