English File, 2025 *English File: Elementary: Workbook Without Key and iChecker* Christina Latham-Koenig, Clive Oxenden, Paul Seligson, 2019-04 **English as a Foreign Language for Deaf and Hard-of-Hearing Persons** Ewa Domagała-Zyśk, Edit H. Kontra, 2016-09-23 Deaf and hard of hearing students form a specific group of foreign language learners. They need to use foreign languages just like their hearing peers if they want to enjoy the same benefits of globalization and technical advancements of today, yet they cannot take part in the same foreign language education. As sign language users, lip readers or persons relying on hearing aids or cochlear implants in their everyday communication, they need special support in learning a foreign language. This book has been written by teachers and researchers involved in teaching English as a foreign language (EFL) to deaf and hard of hearing students in various different European countries, including the Czech Republic, France, Hungary, Norway, Poland, and Serbia. The chapters mirror both the authors' personal journeys through this field and give insight into various aspects of empirical research into the foreign language acquisition of hearing impaired learners. They discuss mainly the issue of specific methodology for teaching EFL vocabulary, grammar, reading, writing, and speaking to deaf and hard of hearing persons and the challenge of effective communication during the classes via sign language, cued speech, or the oral approach. Special chapters are also devoted to EFL teachers' experience in special schools for the deaf. Educators interested in practical advice, responses to challenges, and worked-out solutions to problems will particularly welcome this book as a useful source of ideas. It will also help novice teachers embarking on their careers in English language education for deaf and hard of hearing children and adults.
