Excursions in World Music Timothy Rommen, Bruno Nettl, 2020-09-17 *Excursions in World Music* is a comprehensive introductory textbook to the musics of the world creating a panoramic experience for students by engaging the many cultures around the globe and highlighting the sheer diversity to be experienced in the world of music. At the same time the text illustrates the often profound ways through which a deeper exploration of these many different communities can reveal overlaps, shared horizons, and common concerns in spite of and because of this very diversity. The new eighth edition features six brand new chapters including chapters on Japan, Sub-Saharan Africa, China, and Taiwan, Europe, Maritime Southeast Asia, and Indigenous Peoples. General updates have been made to other chapters, replacing visuals and updating charts and statistics. Another major addition to the eighth edition is the publication of a companion Reader entitled *Critical Themes in World Music*. Each chapter in the Reader is designed to introduce students to a theoretical concept or thematic area within ethnomusicology and illustrate its possibilities by pointing to case studies drawn from at least three chapters in *Excursions in World Music*. Chapters include the following topics: Music, Gender, and Sexuality; Music and Ritual; Coloniality and World Music; Music and Space; Music and Diaspora; Communication Technology; Media; Musical Labor; Musical Value; and Music and Memory. Instructors can use this resource as a primary or secondary path through the materials, either assigning chapters from the textbook and then digging deeper by exploring a chapter from the Reader, or starting with a Reader chapter and then moving into the musical specifics offered in the textbook chapters. Having available both an area studies and a thematic approach to the materials offers important flexibility to instructors and also provides students with additional means of engaging with the musics of the world. A companion website with a new test bank and fully updated instructor's manual is available for instructors. Numerous resources are posted for students, including streamed audio, listening, additional resources such as links to YouTube videos or websites, a musical fundamentals essay introducing concepts such as meter, melody, harmony, form, etc., interactive quizzes, and flashcards.

Reading Asian Art and Artifacts Paul Nietupski, Joan O'Mara, 2011-04-04 This book begins with the understanding that in addition to its aesthetic qualities, Asian art and material artifacts are expressive of cultural realities and constitute a visible language with messages that can be read, interpreted, and analyzed. Asian art and artifacts are understood in their contexts as windows into cultures and as such can be used as a

powerful pedagogical tool in many academic disciplines The book includes essays by scholars of Asian art philosophy anthropology and religion that focus on objects held in ASIANetwork schools The ASIANetwork collections are reflective of Asian societies historical and religious environments political positions and economic conditions The art objects and artifacts were discovered sometimes in storage and were sometimes poorly understood and variously described as fine art curiosities souvenirs and markers of events in a school s history The chapter authors tell the stories of the collections and the collections themselves tell stories of the collectors This volume is intended for use in many disciplines and its interpretive structures are adaptable to other examples of art and artifacts in other colleges universities and museums An online database of some 2000 art objects held in the ASIANetwork schools collections supplements this book *Yoga Journal* ,2000-03 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **American Record Guide** ,1999 *The Wire* ,2006 **The Rough Guide** ,2008 **Asian Music** ,2006 **BBC Music Magazine** ,2000 **The Beat** ,2004 **Guide to America; a Treasury of Information about Its States, Cities, Parks, and Historical Points of Interest** ,1947 **The Raga Guide [sound Recording]**.
