Songs in the EFL Classroom Stephanie Desoye, 2021-03-29 Seminar paper from the year 2014 in the subject Didactics for the subject English Pedagogy Literature Studies grade 1-3 University of Trier language English abstract The main purpose of this term paper will be to discuss the positive and problematic aspects of songs for the EFL classroom as well as to analyze the value of Elvis Presley's *In the Ghetto* for the classroom including the presentation of a lesson plan The first part will focus on theoretical aspects including a definition and classification of songs as well as their advantages and problems for the English classroom The second part will turn to the practical example of the song *In the Ghetto* by Elvis Presley In a first step the song itself will be evaluated considering its chances for the classroom as well as investigating its problematic elements In a next step a lesson plan with a focus on expanding knowledge and enhancing skills and competences will be presented and analyzed Songs are part of the daily life of most people including teachers and especially pupils which helps to connect school life with the student's free time Even though songs are an effective and useful teaching tool in itself English benefits even more from songs due to the fact that English is the dominant language of the music industry However songs are still not used very often in the EFL classroom and many of the main textbooks used in Germany only include parts of songs or offer songs as extra activities e.g. Green Line 5-6 One of the main reasons for this might be the difficulty of choosing an appropriate song for the classroom since songs sometimes include problematic elements
