If You Could Live Anywhere Melody Warnick,2022-07-26 Even when your job can be done from anywhere the place you call home still matters a lot By the old rules of work your dream career determines where you live If you want to make movies move to Los Angeles If you want to work in publishing you must be in New York And if you re launching a start up you ll only succeed in Silicon Valley But with the meteoric rise of remote and freelance work more people than ever are becoming location independent Even doctors teachers and other people in more traditional occupations have to make tough choices about where they settle because living in the right place can still make all the difference for your success and happiness So if work won t dictate where you live how will you ever decide If You Could Live Anywhere answers

that question Melody Warnick unpacks the big picture concerns that we often miss when we're writing pros and cons lists about potential destinations. Because the secret to being happy isn't moving it's aligning your location with your values. You'll learn how to craft a personal location strategy that will make the most of your money, your community, and your life with success stories from people who flexed their location independence to find homes and work they love. The future of work is clear: it can happen wherever you are. So where do you really want to be? *Marketing for Tourism, Hospitality & Events* Simon Hudson, Louise Hudson, 2023-12-04. This cutting edge and engaging student textbook, now in a second edition, provides essential coverage of marketing principles for Tourism, Hospitality, and Events, with a strong focus on the increasing global and digital aspects of these industries. The text has been updated to include all the latest industry developments, practice, and research, including the lasting impacts of Covid-19 on consumer behaviour and, in turn, the tourism, hospitality, and events industries, as well as the accelerated role of digitalization and use of new technologies such as artificial intelligence and the metaverse, both of which are changing how people conceive of travel and experiences, whilst blurring the boundaries between what is real and virtual. Popular chapter features such as Lessons from a Marketing Guru, featuring personal insights from real-world practitioners, and Digital Spotlights, which highlight the ways in which technology has transformed tourism, hospitality, and events, and Marketing in Action, case studies, continue to help bring the text to life through fun and relevant examples from a wide variety of organizations and regions across the globe. This textbook is essential reading for any university or college course looking at marketing in relation to tourism, hospitality, and events. Simon Hudson is a tourism and hospitality professor at the University of South Carolina. Louise Hudson is a freelance travel journalist writing for a host of newspaper travel sections, online tourism sites, and her own blog. *Rebooting a Nation* Joel Burke, 2025-04-03. How did a small post-Soviet state become a digital and e-government powerhouse, producing world-leading tech companies and pioneering policies for remote residency? Three decades after gaining independence from the Soviet Union, Estonia is a nation transformed. Today, the country is known worldwide as a startup hub, boasting billion-dollar companies including Wise, Veriff, and Bolt, but even more impressive are Tallinn's pioneering efforts in e-government. With 99 per cent of government services digitalised and accessible online, citizens can vote via computer or file their taxes online in minutes, and Estonia's use of artificial intelligence to enhance and automate its offerings to citizens long predates ChatGPT. Drawing on his experience as a former official for the Republic of Estonia, Joel Burke offers unique insight into the country's rapid rise as a tech and e-government powerhouse since the turn of the century. From the founding of Skype to the future of the e-state, he unveils the tactics and stories behind Estonia's spectacular journey, after years of Soviet occupation and mismanagement, to global tech leadership. For those hoping to learn from Estonia's incredible journey, Burke offers insights into the government's use of AI, its creation of a digital society, and its cultivation of a culture driving public sector creativity and innovation. *Rebooting a Nation* is an informative and entertaining masterclass in Estonia's modern history. *The Ultimate Guide to Remoting in*
