Advanced Study in the History of Medieval India Jaswant Lal Mehta, 1979 *Advanced Study in the History of Medieval India* JI Mehta, Muslim Rule in Medieval India Fouzia Farooq Ahmed, 2016-09-27 The Delhi Sultanate ruled northern India for over three centuries. The era marked by the desecration of temples and construction of mosques from temple rubble is for many South Asians a lightning rod for debates on communalism, religious identity, and inter-faith conflict. Using Persian and Arabic manuscripts, epigraphs, and inscriptions, Fouzia Farooq Ahmad demystifies key aspects of governance and religion in this complex and controversial period. Why were small sets of foreign invaders and administrators able to dominate despite the cultural, linguistic, and religious divides separating them from the ruled? And to what extent did people comply with the authority of sultans they knew very little about? By focusing for the first time on the relationship between the sultans, the bureaucracy, and the ruled, *Muslim Rule in Medieval India* outlines the practical dynamics of medieval Muslim political culture and its reception. This approach shows categorically that sultans did not possess meaningful political authority among the masses and that their symbols of legitimacy were merely post hoc socio-cultural embellishments. Ahmad's thoroughly researched revisionist account is essential reading for all students and researchers working on the history of South Asia from the medieval period to the present day.

*BLACK TAJ MAHAL IN* Khan (Arshi), 2015-08-28 The book is related to one of the most beautiful architectures of the world, the Taj Mahal. It has been scientifically portrayed in the book that makes it a useful guide for tourists. The most beautiful architectural creation has been analysed from a completely new angle using the empirical rules prepared by a modern scientist, The Fifteen Properties of Christopher Alexander. The book sheds light on an age-old story of another mausoleum of black marble that was to be built on the other bank of the river Yamuna. The construction of the Taj Mahal was only half of the original grand scheme conceived by its builder, Emperor Shahjahan. The historical events towards the end of Emperor Shah Jahan's reign, his dethroning, and the conspiracies by his own son are highlighted. The book also covers the history of the Mughal dynasty in a narrative manner. It traces the inherited quality of creativity and love for art and architecture of the Mughals. The book puts into perspective the need of fulfilling a forgotten dream: the creation of a Miniature Black Taj Mahal with ebony and natural black wood.

*Advanced Study in the History of Medieval India: Medieval Indian society and culture* Jaswant Lal Mehta, 1979 *Writing Self, Writing Empire* Rajeev Kinra, 2015-09-17 A free ebook version of this title is available through Luminos University of California Press's new open access publishing program for monographs. Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more. *Writing Self, Writing Empire* examines the life, career, and writings of the Mughal state secretary or munshi Chandar Bhan Brahman, d. c. 1670, one of the great Indo-Persian poets and prose stylists of early modern South Asia. Chandar Bhan's life spanned the reigns of four different emperors: Akbar (1556-1605), Jahangir (1605-1627), Shah Jahan (1628-1658), and Aurangzeb Alamgir (1658-1707), the last of the Great Mughals whose courts dominated the culture and politics of the subcontinent at the height of the empire's power, territorial reach, and global

influence As a high caste Hindu who worked for a series of Muslim monarchs and other officials forming powerful friendships along the way Chandar Bhan s experience bears vivid testimony to the pluralistic atmosphere of the Mughal court particularly during the reign of Shah Jahan the celebrated builder of the Taj Mahal But his widely circulated and emulated works also touch on a range of topics central to our understanding of the court s literary mystical administrative and ethical cultures while his letters and autobiographical writings provide tantalizing examples of early modern Indo Persian modes of self fashioning Chandar Bhan s oeuvre is a valuable window onto a crucial though surprisingly neglected period of Mughal cultural and political history
