Stone, Lise Shapiro Sanders, 2020-10-11 This volume offers an overview of what it was like to be female and to live and die in Victorian England c 1837 1901 by situating this experience within the scientific and social contexts of the times With a temporal focus on women s life experience the book moves from childhood and youth through puberty and adolescence to pregnancy birth and motherhood into senescence Drawing on osteological sources medical discourses and examples from the literature and cultural history of the period alongside social and environmental data derived from ethnographic and archival investigations the authors explore the experience of being female

in the Victorian era for women across classes In synthesizing current research on demographic statistics maternal morbidity and mortality and bioarchaeological evidence on patterns of aging and death they analyze how changing social ideals cultural and environmental variability shifting economies and evolving medical and scientific understanding about the body combined to shape female health and identity in the nineteenth century Victorian women faced a variety of challenges including changing attitudes regarding appropriate behavior social roles and beauty standards while grappling with new understandings of the role played by gender and sexuality in shaping women s lives from youth to old age The book concludes by considering the relevance of how Victorian narratives of womanhood and the experience of being female have influenced perceptions of female health and cultural constructions of identity today **The Balkan Prism** Johanna Deimel,2007 *Benito Cereno* Herman Melville,2013-02-11 Bedford College Editions reprint enduring literary works in a handsome readable and affordable format The text of each work is lightly but helpfully annotated Prepared by eminent scholars and teachers the editorial matter in each volume includes a chronology of the life of the author an illustrated introduction to the contexts and major issues of the text in its time and ours an annotated bibliography for further reading contexts criticism and Internet resources and a concise glossary of literary terms **Südosteuropa Mitteilungen** ,2007
