## **Anomaly 1 Krista McGee:**

*Anomaly* Krista McGee, 2013-07-16 Thalli has fifteen minutes and twenty three seconds to live The toxic gas that will complete her annihilation is invading her bloodstream But she is not afraid Decades before Thalli s birth the world was decimated by a nuclear war But life continued deep underground thanks to a handful of scientists known as The Ten There they created genetically engineered human beings who are free of emotions in the hope that war won t threaten the world again Thalli is an anomaly born with the ability to feel emotions and a sense of curiosity she can barely contain She has survived so far by hiding her differences But then her secret is discovered when she s overwhelmed by the emotion of an ancient piece of music The Ten quickly schedule her annihilation but her childhood friend Berk a scientist being groomed by The Ten convinces them to postpone her death and study her instead While in the Scientists Pod Thalli and Berk form a dangerous alliance one strictly forbidden by the constant surveillance As her life ticks a way she hears rumors of someone called the Designer someone even more powerful than The Ten What s more the parts of her that have always been an anomaly could in fact be part of a much larger plan And the parts of her that she has always guarded could be the answer she s been looking for all along Thalli must sort out what to believe and who to trust before her time runs out the first in what has the potential to be a fascinating trilogy of general appeal McGee s simple narrative belies the novel s complexity a factor that will make this intriguing book accessible to a wide variety of teen readers Booklist [Luminary](#) Krista McGee, 2014-01-14 Thalli thought escaping to the surface would mean freedom But is she any less of an anomaly aboveground After escaping an underground annihilation chamber Thalli Berk Rhen and John find themselves fleeing across the former United States aboveground for the first time As the defectors cross the forgotten landscape the three youths see things they had only read about on screens horses rain real books and a colony of unsanctioned survivors living the ancient way in a town called New Hope When the citizens of New Hope reveal the truth of what happened years ago Thalli is left unsettled and skeptical of everything she s ever been told Can she trust anything from the State including her own feelings for Berk When she volunteers for a peace mission to New Hope s violent neighbor Athens her confusion mounts as the supposedly ruthless Prince Alex turns out to be kind and charming Although everyone in New Hope warned her not to she can t help but fall for him Meanwhile John s unwavering faith in the goodness of the Designer begins to make its mark on Thalli s heart But can Thalli really come to trust in a generous protective Designer who rules over all things Would that not be setting herself up for another betrayal The time for her to decide is now because the State is closing in McGee once again blends a Christian message within a horrific science fiction plot death torture and confusing love triangles Booklist McGee blends the determination of faith the malevolence of those who extol power over decency and the assertion of individual integrity in a humane glimpse at youthful courage Publisher s Weekly [Revolutionary](#) Krista McGee, 2014-07-15 Back in the hands of the State Thalli is caught in a horrible game of power with consequences reaching further than she ever imagined After

several months aboveground Thalli had almost forgotten what living in the State was like Programmed to be without emotions or curiosity she was always an anomaly there Too emotional Too curious Citizens of the State should behave exactly the way the Scientists designed them to behave work in their assigned fields maintain productivity Thalli s entire genetically engineered generation has been eradicated by a scientocracy that believes human life is expendable Now a pawn in a mad game of manipulation held hostage and tortured in the name of the State Thalli can barely summon the strength to hope that the future of humanity could be any better She clings to her new faith in the Designer But when she discovers that even the few villages aboveground are in danger of State domination that fragile faith begins to crumble As Thalli Berk and Alex make plans to overthrow the evil Dr Loudin a chilling secret explains why they have been left alive at all a personal secret that will haunt Thalli forever And as she struggles with this new truth she also struggles with decisions of the heart Can the State s expansion be stopped Or will humanity above and below the surface be irreparably damaged Thalli is faced with a purpose both overwhelming and undeniable to assume the role of a Revolutionary McGee s versatility as an author really shines with this latest offering USAToday com on Anomaly Anomaly grabs the reader and refuses to let go One is never completely sure what is fact and what is a horrifying virtual reality This is sure to be a favorite of teens everywhere Heather Burch author of the critically acclaimed Halflings Series **Anomaly** Ayren Walker,2019-10-24 Expression of a young lady **Anomaly** Steele, Jarvis, Rosenlind, Ryan Boyle, Beck, Danosky,2015-06-01 Welcome to Pine View Middle School a middle school that used to be ordinary That is until a group of students discovered that they were the opposite of ordinary What will they do with their secret
