

Mapping weather. Weather maps use specialized symbols to represent atmospheric conditions. To complete the advanced isoline mapping exercise, you must learn to read station model symbols, which each represent conditions at a specific weather stations at a specific time.

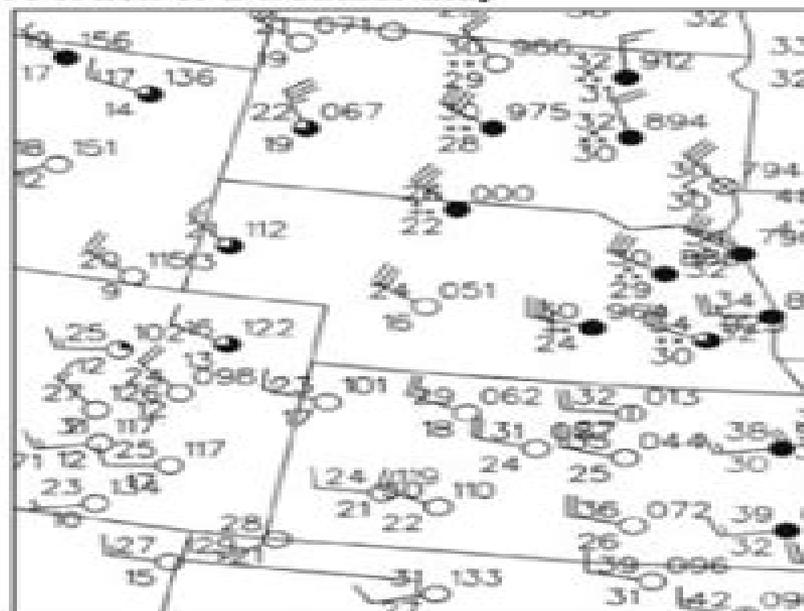

a. Symbols used on weather maps

b. Combined symbols for a single station

c. Portion of a weather map

To complete this exercise, you will need to read data on the weather map on the other side of this sheet. This map indicates weather conditions for the central United States at noon on 10 November 1998. Practice reading the weather map by collecting information for the weather station represented in the shaded rectangle near the top of the map. Notice that the wind barb overlaps the pressure measurement.

Wind speed: _____

Wind direction: _____

Pressure: _____
