the kind wielded by those who believe they can never fall Writing Antologia Aeternum began in the spring of 2022 but its foundation was seeded long before an idea quietly germinating over more than a decade I ve long believed that every great work of fiction rests upon the scaffolding of a compelling creation myth one that not only explains a world s origins but also mirrors the questions values and contradictions of its creator I set out to construct such a myth one steeped in the fantastical the esoteric and the paranormal yet anchored in the subtle ache of lived experience In doing so it became a meditation on belief itself a way to interrogate what we accept as real and what we dare to imagine as possible At its core Antologia Aeternum is not merely a story of heroes and villains The true antagonist isn t any single character but a deeper more insidious force the unrelenting grip of capitalist dogma and the quiet complicity that sustains it In shaping this world I sought to expose how systems of power masquerade as inevitabilities how they entrench themselves in our daily lives our choices and our stories This narrative asks not only who holds power but at what cost and more importantly who pays that cost in the relentless pursuit and preservation of that power
