Federal Energy Management Program U S Department of Energy If you like this book please leave positive review Overall
this guide highlights O M programs targeting energy and water efficiency that are estimated to save 5% to 20% on energy
bills without a significant capital investment Depending on the Federal site these savings can represent thousands to
hundreds of thousands dollars each year and many can be achieved with minimal cash outlays Why buy a book you can
download for free First you gotta find it and make sure it s the latest version not always easy Then you gotta print it using a
network printer you share with 100 other people and its outta paper and the toner is low take out the toner cartridge shake it
then put it back If it s just 10 pages no problem but if it s a 250 page book you will need to punch 3 holes in all those pages
and put it in a 3 ring binder Takes at least an hour An engineer that s paid 75 an hour has to do this himself who has
assistant s anymore If you are paid more than 10 an hour and use an ink jet printer buying this book will save you money It s
much more cost effective to just order the latest version from Amazon com This book is published by 4th Watch Books and
