The Federal Employee, 1930 **Computers As Assistants** Peter Hoschka, 2021-02-01 Computer systems based on the notion of the computer as assistant have recently become the focus of intense interest The expanding role of the computer in everyday life and the growing number of untrained users make it necessary to think about new ways of dividing labor between humans and machines Future systems must take on more tasks and perform them more competently and autonomously than existing systems If they are to be adequately flexible and responsive to complexity they cannot automate their performance completely The aim of designers should be to create computer systems with capabilities similar to those of good assistants in the real world Effective assistance has many characteristics An assistant is expected to be competent in some domains of expertise to know the limits of his/her knowledge to be able to process inexact instructions from clients to adjust to and learn from them to explain his/her behavior and suggestions and to support clients in communication and cooperation with other people This book believes that such capabilities can be built into computer systems To that end the chapter contributors discuss the concepts and methods particularly from the fields of artificial intelligence and computer supported cooperative work CSCW that they have drawn from to develop successful system prototypes They present several of these prototypes including assistants for graphics design knowledge discovery in data bases coordination support organizational memory user interface design and knowledge base construction As such this volume helps map out the future for all those involved in computer systems design

Code of Federal Regulations, 1997 Special edition of the Federal Register containing a codification of documents of general applicability and future effect as of July 1 with ancillaries **Farmers' Guide**, 1901 Cruising World, 1983-01 **PC AI.**, 1995 **National Underwriter**, 1928 *Continent*, 1919 **Interior**, 1919 Christian Nation, 1904 California Cultivator, 1902 *Architect and Engineer of California*, 1918 *Gleanings in Bee Culture*, 1912
