Ana Al Haq:

Secular and Islamic Feminist Critiques in the Work of Fatima Mernissi Raja Rhouni, 2010 This book presents a detailed critical analysis of the work of Fatima Mernissi. Mernissi is considered to be one of the major figures in Feminist thought for both Morocco and Muslim society in general. This work discusses Mernissi's intellectual trajectory from secular to Islamic feminism in order to trace the evolution of so-called Islamic feminist theory. The book also engages critically with the work of other Muslim feminists using frameworks and approaches developed in the works of Muslim reformist thinkers namely Mohammed Arkoun and Nasr Abu Zaid with the aim of engaging the theorization of this emerging Feminism.

Islam Cenap Çakmak, 2017-05-18 This expansive four volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world history and promotes greater respect for cultural diversity. One of the most popular and widespread religions in the world, Islam has attracted a great deal of attention in recent times particularly in the Western world. With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans there is ever increasing need to examine and understand Islam as a religion and historical force. Islam A Worldwide Encyclopedia provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time. The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition. Each entry begins with a basic introduction followed by a general discussion of the subject and a conclusion. Each entry also features a further readings list for readers. In addition to supplying a comprehensive authoritative overview of Islam, this work also specifically addresses many controversial related issues including jihad, violence in Islam, polygamy and apostasy.

The Nature Within Karan Bakshi, 2024-05-22 Dear readers, the collection of poems contained in this book are all based on different but important themes which compel you to think and to ask questions that were there before but were not asked as it depicts reality and human's connection to nature. It will also try to take you to your inner self and may reprogram your thinking to your own and natural one. You will also be able to notice some new and unprecedented examples in the work. It can be hoped that you will start noticing the small things and be able to find happiness in your routine rather than in the future. The foremost purpose of this work is to bring any type of change in the lives of the readers which can improve the surroundings. Rabindrabharati Journal, 1972

Discovering Islam Akbar S. Ahmed, 2024-11-01 Now reissued with a new introduction. Discovering Islam is a classic account of how the history of Islam and its relations with the West have shaped Islamic society today. Islam is often caricatured as aggressive and fanatic. Written in the tradition of Ibn Khaldun, this readable and wide-ranging book balances that image, uncovers the roots of Islamic discontent, and celebrates the sources of its strength. From the four ideal Caliphs who succeeded the Prophet to the refugee camps of Peshawar, an objective picture emerges of the main features of Muslim history and the compulsions of Muslim society. *pt. 1-2.
