

Analyzing Political Cartoons About the Role of Government

For each placard you analyze, identify the role of the government being represented. Then describe what you think the cartoonist's point of view is about how the government is carrying out this role. Finally, explain whether you agree or disagree with this point of view, and why.

	Role of Government	Cartoonist's Possible Point of View	Agree or Disagree and Why
<p>Sample Placard</p> 			
<p>Placard A</p> 	<p>The role of government deregulation, which is the removal or reduction of government regulations in a specific industry.</p>	<p>The cartoon's possible point of view is the people against the government. The government is reducing regulations on certain things. This affects the people and an example of that is "tainted food".</p>	<p>I disagree with deregulation because it is not good for the people. Deregulation removed and reduced is not good for the people. It causes more government ran things which the people do not like.</p>
<p>Placard B</p> 	<p>The role of government is bank control.</p>	<p>The cartoon's possible point of view is congress giving people control over the US banks and risk management because they think they can handle it. But it is important for the government to help control it.</p>	<p>I completely agree with this because if the government did not have some control over the banks then they would go completely wild. It is important for control over the banks to keep the money safe.</p>
