
Anthem review exam questions and answers 2023-2024 with complete solution

Describe the society in which Anthem is set. Some areas to consider are the political structure, degree of technology, social relationships, quality of life, and education. **Ans-** Collectivist or communist society. They have leaders and seems like it is democratic, but it is not. The small pool is chosen by the leaders. People don't have much say in the government.

Clearly, Ayn Rand intended Equality to stand out from his "brothers". Explain how she accomplishes this by contrasting Equality's physical qualities and character traits to those of his fellow men. **Ans-** He is taller and smarter than everyone else.

Why does the Council of Vocations assign Equality 7-2521 the job of street sweeper? Is it due to error, incompetence, or a more sinister motivation? Explain? **Ans-** They assign him this job because they recognize him as being smart and worried he would advantage of it. They did it out of sinister motivation because he don't want him to be better than everyone else.

When does this novel take place — in the past, the present, or the future? How do you know? **Ans-** It takes place in the future, because they talk about skyscrapers and light bulbs being in the past.

Why do Equality's teachers disapprove of his quick mind? **Ans-** He isn't supposed to be smarter than everyone else. Don't distinguish yourself.

At this point in the novel, does Equality accept the moral teachings of his society? **Ans-** Yes, he accepts them because he thinks that he needs to fit in and be like everyone else. Mentally he thinks what he is doing is wrong.

If so, why doesn't he feel shame or remorse when he knows that he's committing a crime? **Ans-** His curiosity is more powerful than what has been ingrained in him. He feels no shame or regret because he feels at peace.

Re-read the account of Liberty 5-3000 on page 38. Which character traits are revealed in this brief description? **Ans-** She seems fearless and cocky,er hair flies as if it "defied men to restrain it".

Find several examples of the ways in which this society tries to obliterate each individual's mind (and self!) by squashing personal choices, desires, and values. **Ans-**

Anthem Questions And Answers:

Difficult Questions Have Easy Answers Atina Hseham,2023-12-06 An inquiry made to obtain any information is known as an interrogation While asking the person tries to get an answer that allows him to satisfy his doubts The interviewers often ask simple questions in a very twisted fashion to confuse the candidates Difficult questions answers reflect the knowledge of the giver as well as his overall personality For example Which is heavier a kilogram of feathers or 1000 grams of lead Solution Both the weights are equal And What happened in Kolkata yesterday from 8 to 9 o clock Solution An hour had passed These questions have a trick because they are framed in such a way that the answers seem simple but in reality they are not It can be said that the questioners confuse the candidates as they hide their answers using rhetorical resources and various devices In some cases the answer is found in the question itself but in secret Tricky questions are also used for fun or as a mental activity of logical practice Like a truck driver passing down a street in the wrong direction some policemen saw him but they didn t say anything to him why Solution Because the truck driver was on foot He shaves all day but still has a beard who is he Solution Barber Some months have thirty days and others thirty one but how many months have twenty eight Solution Every month has at least twenty eight days Which object becomes wet When it dries Solution Towel How do you draw a square with three lines Solution draw the square first and then draw three lines inside the square Thus an answer to a tricky question can lead to confusion due to the confusion generated question These types of questions are very specific to the areas in which people s knowledge or behavior is evaluated Generally such difficult questions can be perceived as misleading or incorrect because something is being implied that is not in reality However they can also be seen as methods whose precise purpose is to test the candidate and determine whether he or she is fully capable of answering the question that he or she is saying I know In this way about five thousand questions and answers have been given in the present book which is equally useful for all competitive examinations
